(57) **CLAIM**

The ornamental design for a solar module, as shown and  
described.

**DESCRIPTION**

The patent or application file contains at least one drawing  
executed in color. Copies of this patent or patent application  
publication with color drawing(s) will be provided by the  
Office upon request and payment of the necessary fee.

FIG. 1 is a color perspective view of a solar module showing  
our new design;

FIG. 2 is a front color view thereof;

FIG. 3 is a back color view thereof;

FIG. 4 is a top color view thereof, with a partially enlarged  
area shown for ease of illustration;

FIG. 5 is a bottom color view thereof, with a partially enlarged  
area shown for ease of illustration;

FIG. 6 is a first side color view thereof, with a partially  
enlarged area shown for ease of illustration; and,

FIG. 7 is a second side color view thereof, with a partially  
enlarged area shown for ease of illustration.

The broken line shown of environment and all views are for  
illustrative purposes only and forms no part of the claimed  
design. The solar module can be for a horticulture application.
