(57) **CLAIM**
The ornamental design for a massage roller, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of my new design for a massage roller;
FIG. 2 is a top plan view of my new invention, wherein a bottom plan view is identical;
FIG. 3 is a left side elevation view of my new invention, wherein a right side elevation view is identical; and,
FIG. 4 is a top perspective view of my new invention shown in use massaging a user's right thigh.
The broken lines indicating user in FIG. 4 are for purposes of illustrating a use of the invention and form no part of the claimed design. The dotted lines on the axle in FIGS. 1, 2 are for the purpose of illustrating an optional multi-part bushing and form no part of the claimed design.
