(57) **CLAIM**

The ornamental design for a device for handling an automotive top, substantially as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric front view showing our new design; FIG. 2 is a front view showing our new design; FIG. 3 is a right side elevational view showing our new design, the left view being identical; FIG. 4 is a rear view showing our new design; FIG. 5 is a top view showing our new design; and, FIG. 6 is a bottom view showing our new design. Any broken lines shown in the drawings are for illustrative purposes only and form no part of the claimed design.
