(57) **CLAIM**

The ornamental design for a cutting device for small food, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the cutting device for small food, with a lid slightly above a base;
FIG. 2 is a perspective view of the cutting device for small food from FIG. 1, with the lid inserted into the base;
FIG. 3 is a top view of the lid and the base, with the lid to the left of the base;
FIG. 4 is a side view of the lid and the base, with the lid to the left of the base;
FIG. 5 is a bottom view of the lid and the base, with the lid to the left of the base; and,
FIG. 6 is a perspective showing small foods located in the base, with the lid slightly above the base, and a user's hand with a knife ready to slice through the small foods.
The broken lines in FIG. 6 representing the small foods, user's hand, and a knife, show the cutting device as being used, and form no part of the claimed design.

1 Claim, 3 Drawing Sheets
