(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface showing our new design; and, FIG. 2 is a front view of a second embodiment of a display screen with graphical user interface showing our new design. The broken lines shown in FIGS. 1 and 2 represent portions of the display screen with graphical user interface that form no part of the claimed design.

The outer edge of the portion of the display screen is understood to be congruent with the outer edge of the graphical user interface.
