(57) **CLAIM**

The ornamental design for display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of display screen with animated graphical user interface shown in a first alternate condition;

FIG. 2 is a front view thereof shown in a second alternate condition;

FIG. 3 is a front view thereof shown in a third alternate condition;

FIG. 4 is a front view thereof shown in a fourth alternate condition; and,

FIG. 5 is a front view thereof shown in a fifth alternate condition.

The broken line showing of the wristband is for the purpose of illustrating environment and forms no part of the claimed design. The broken line showing of elements on the display screen illustrates portions of the article and form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 3 Drawing Sheets
