(57) **CLAIM**

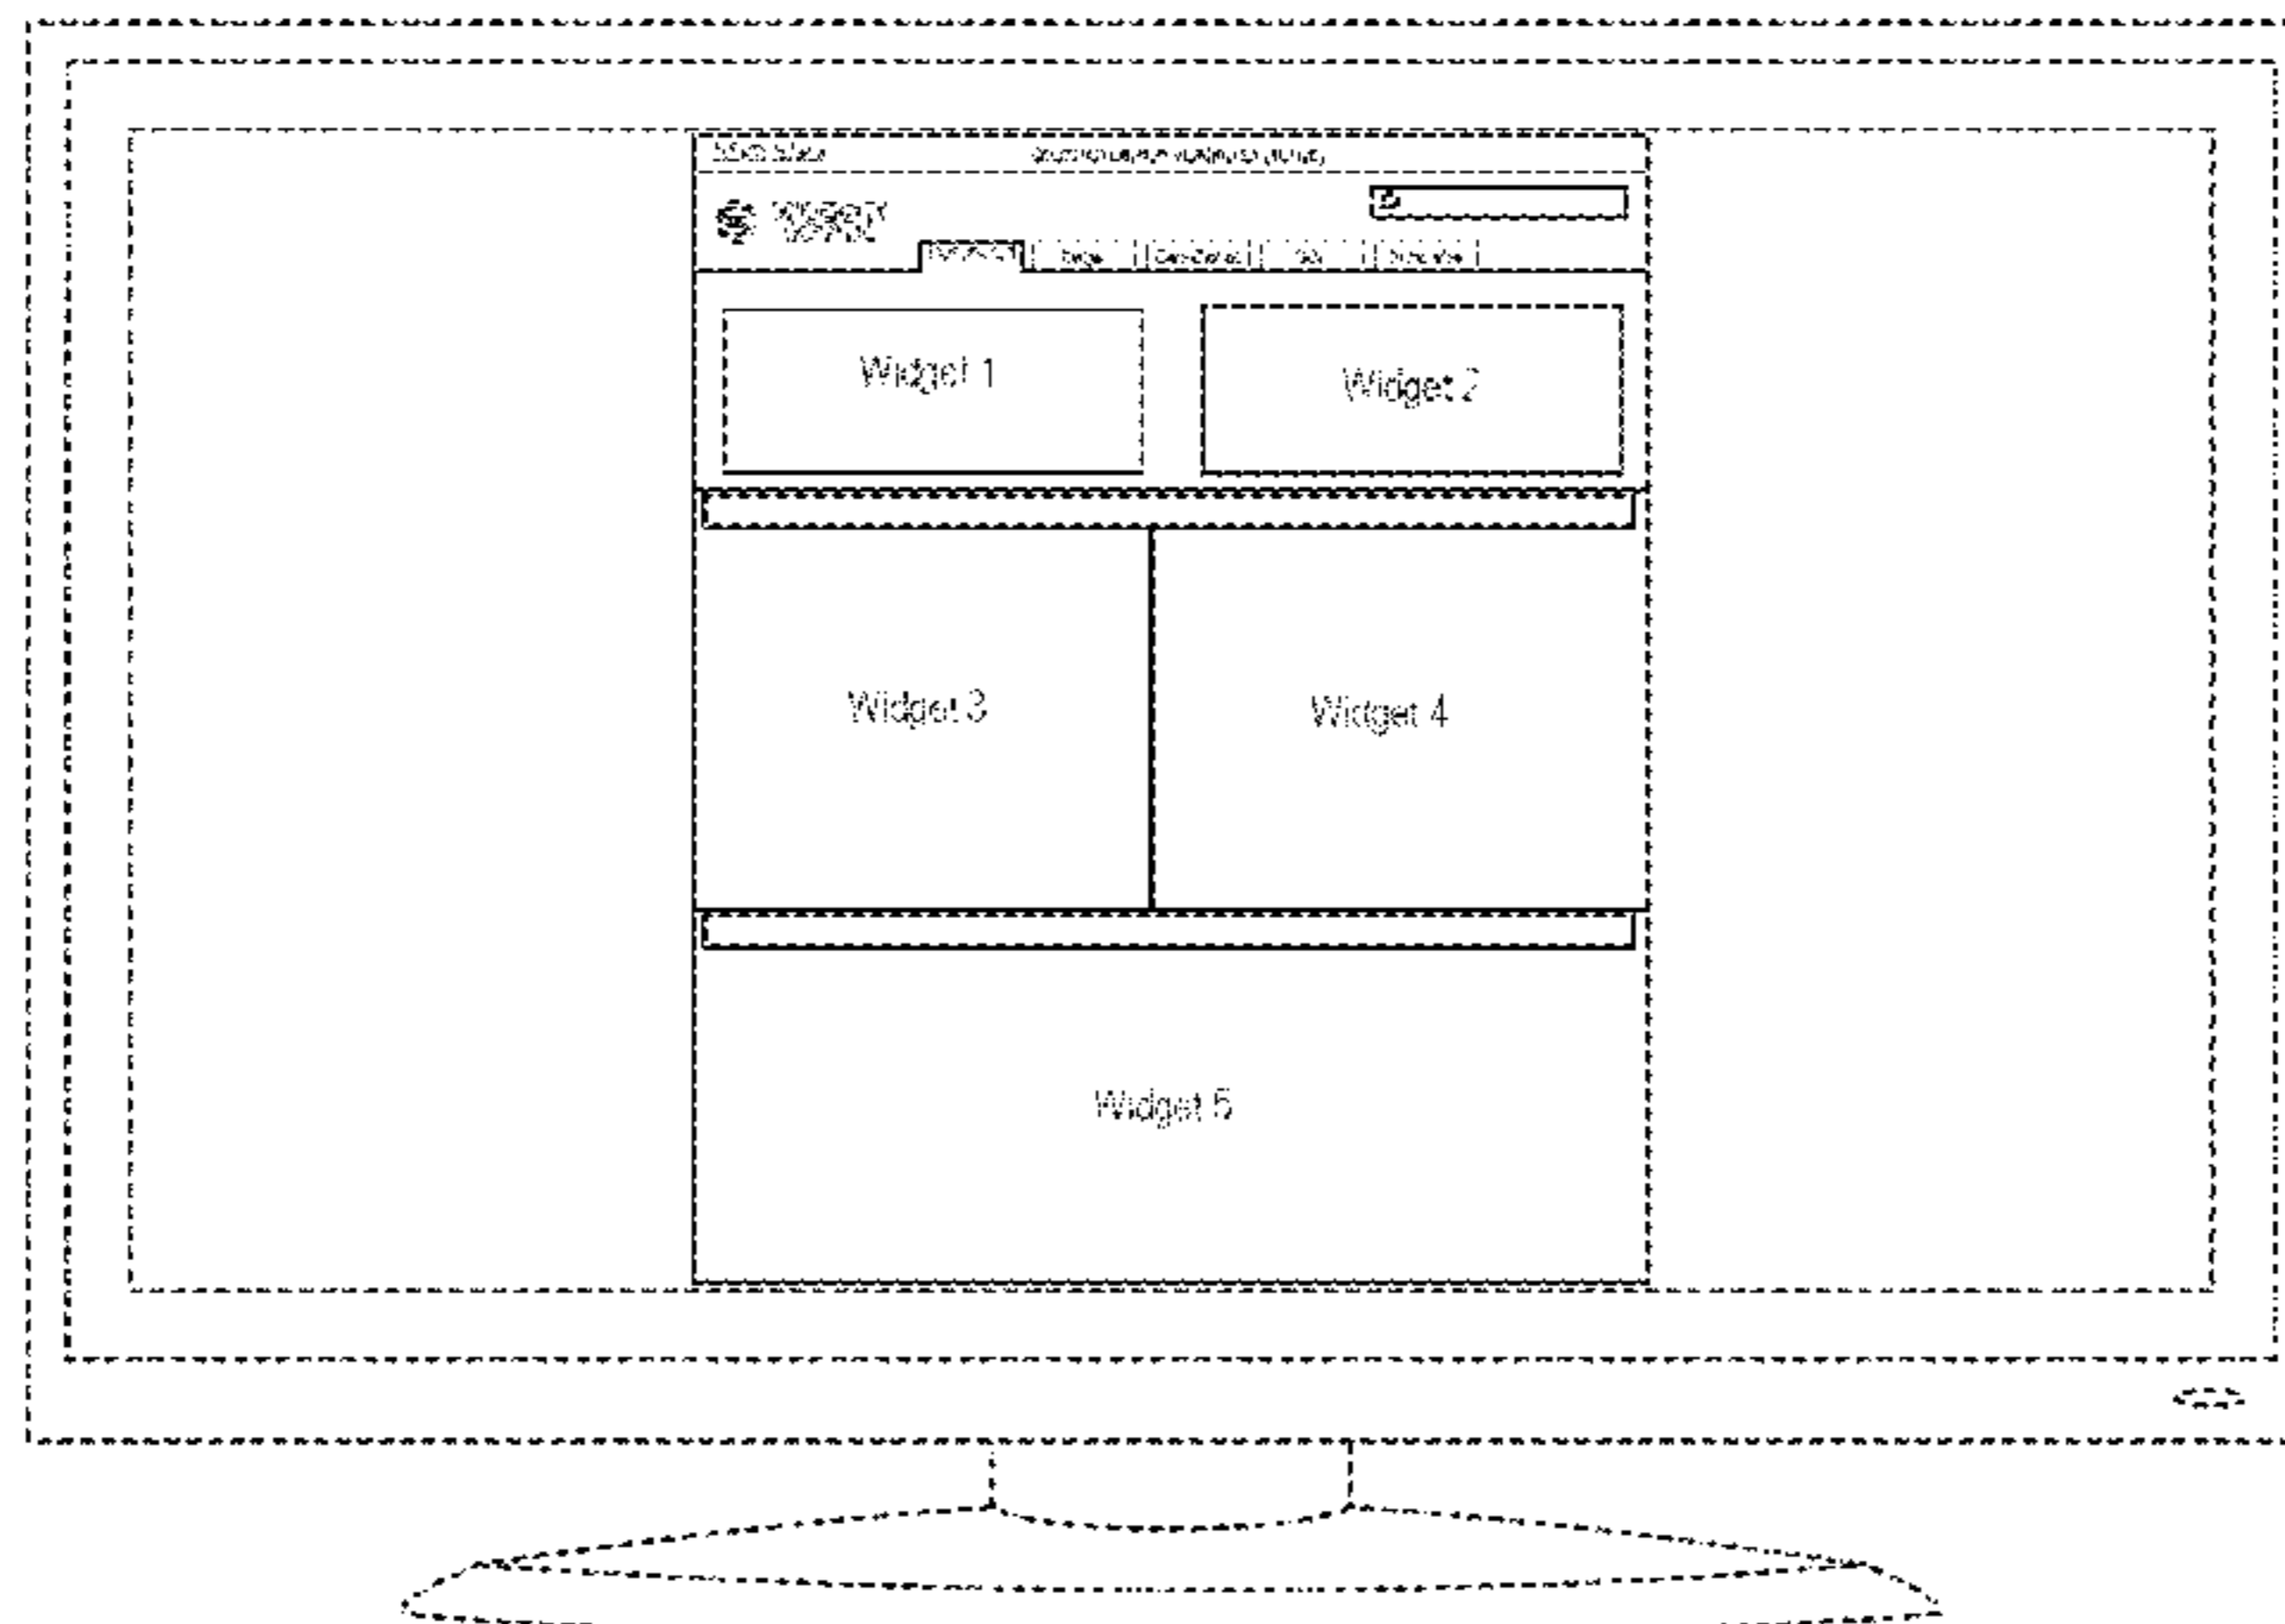

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE depicts a display screen with graphical user interface, showing the new design.

The broken line showing of a computer and display screen are for the purpose of illustrating environmental structure, and the remainder of the broken lines, which include all text and indicia within the graphical user interface, are for the purpose of illustrating portions of the graphical user interface. None of the broken lines form part of the claimed design.
