(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design. The small, evenly spaced broken lines show portions of the graphical user interface. The large, dash-dot lines illustrate the display screen. All broken lines are included to show environment and form no part of the claimed design.
