(57) **CLAIM**

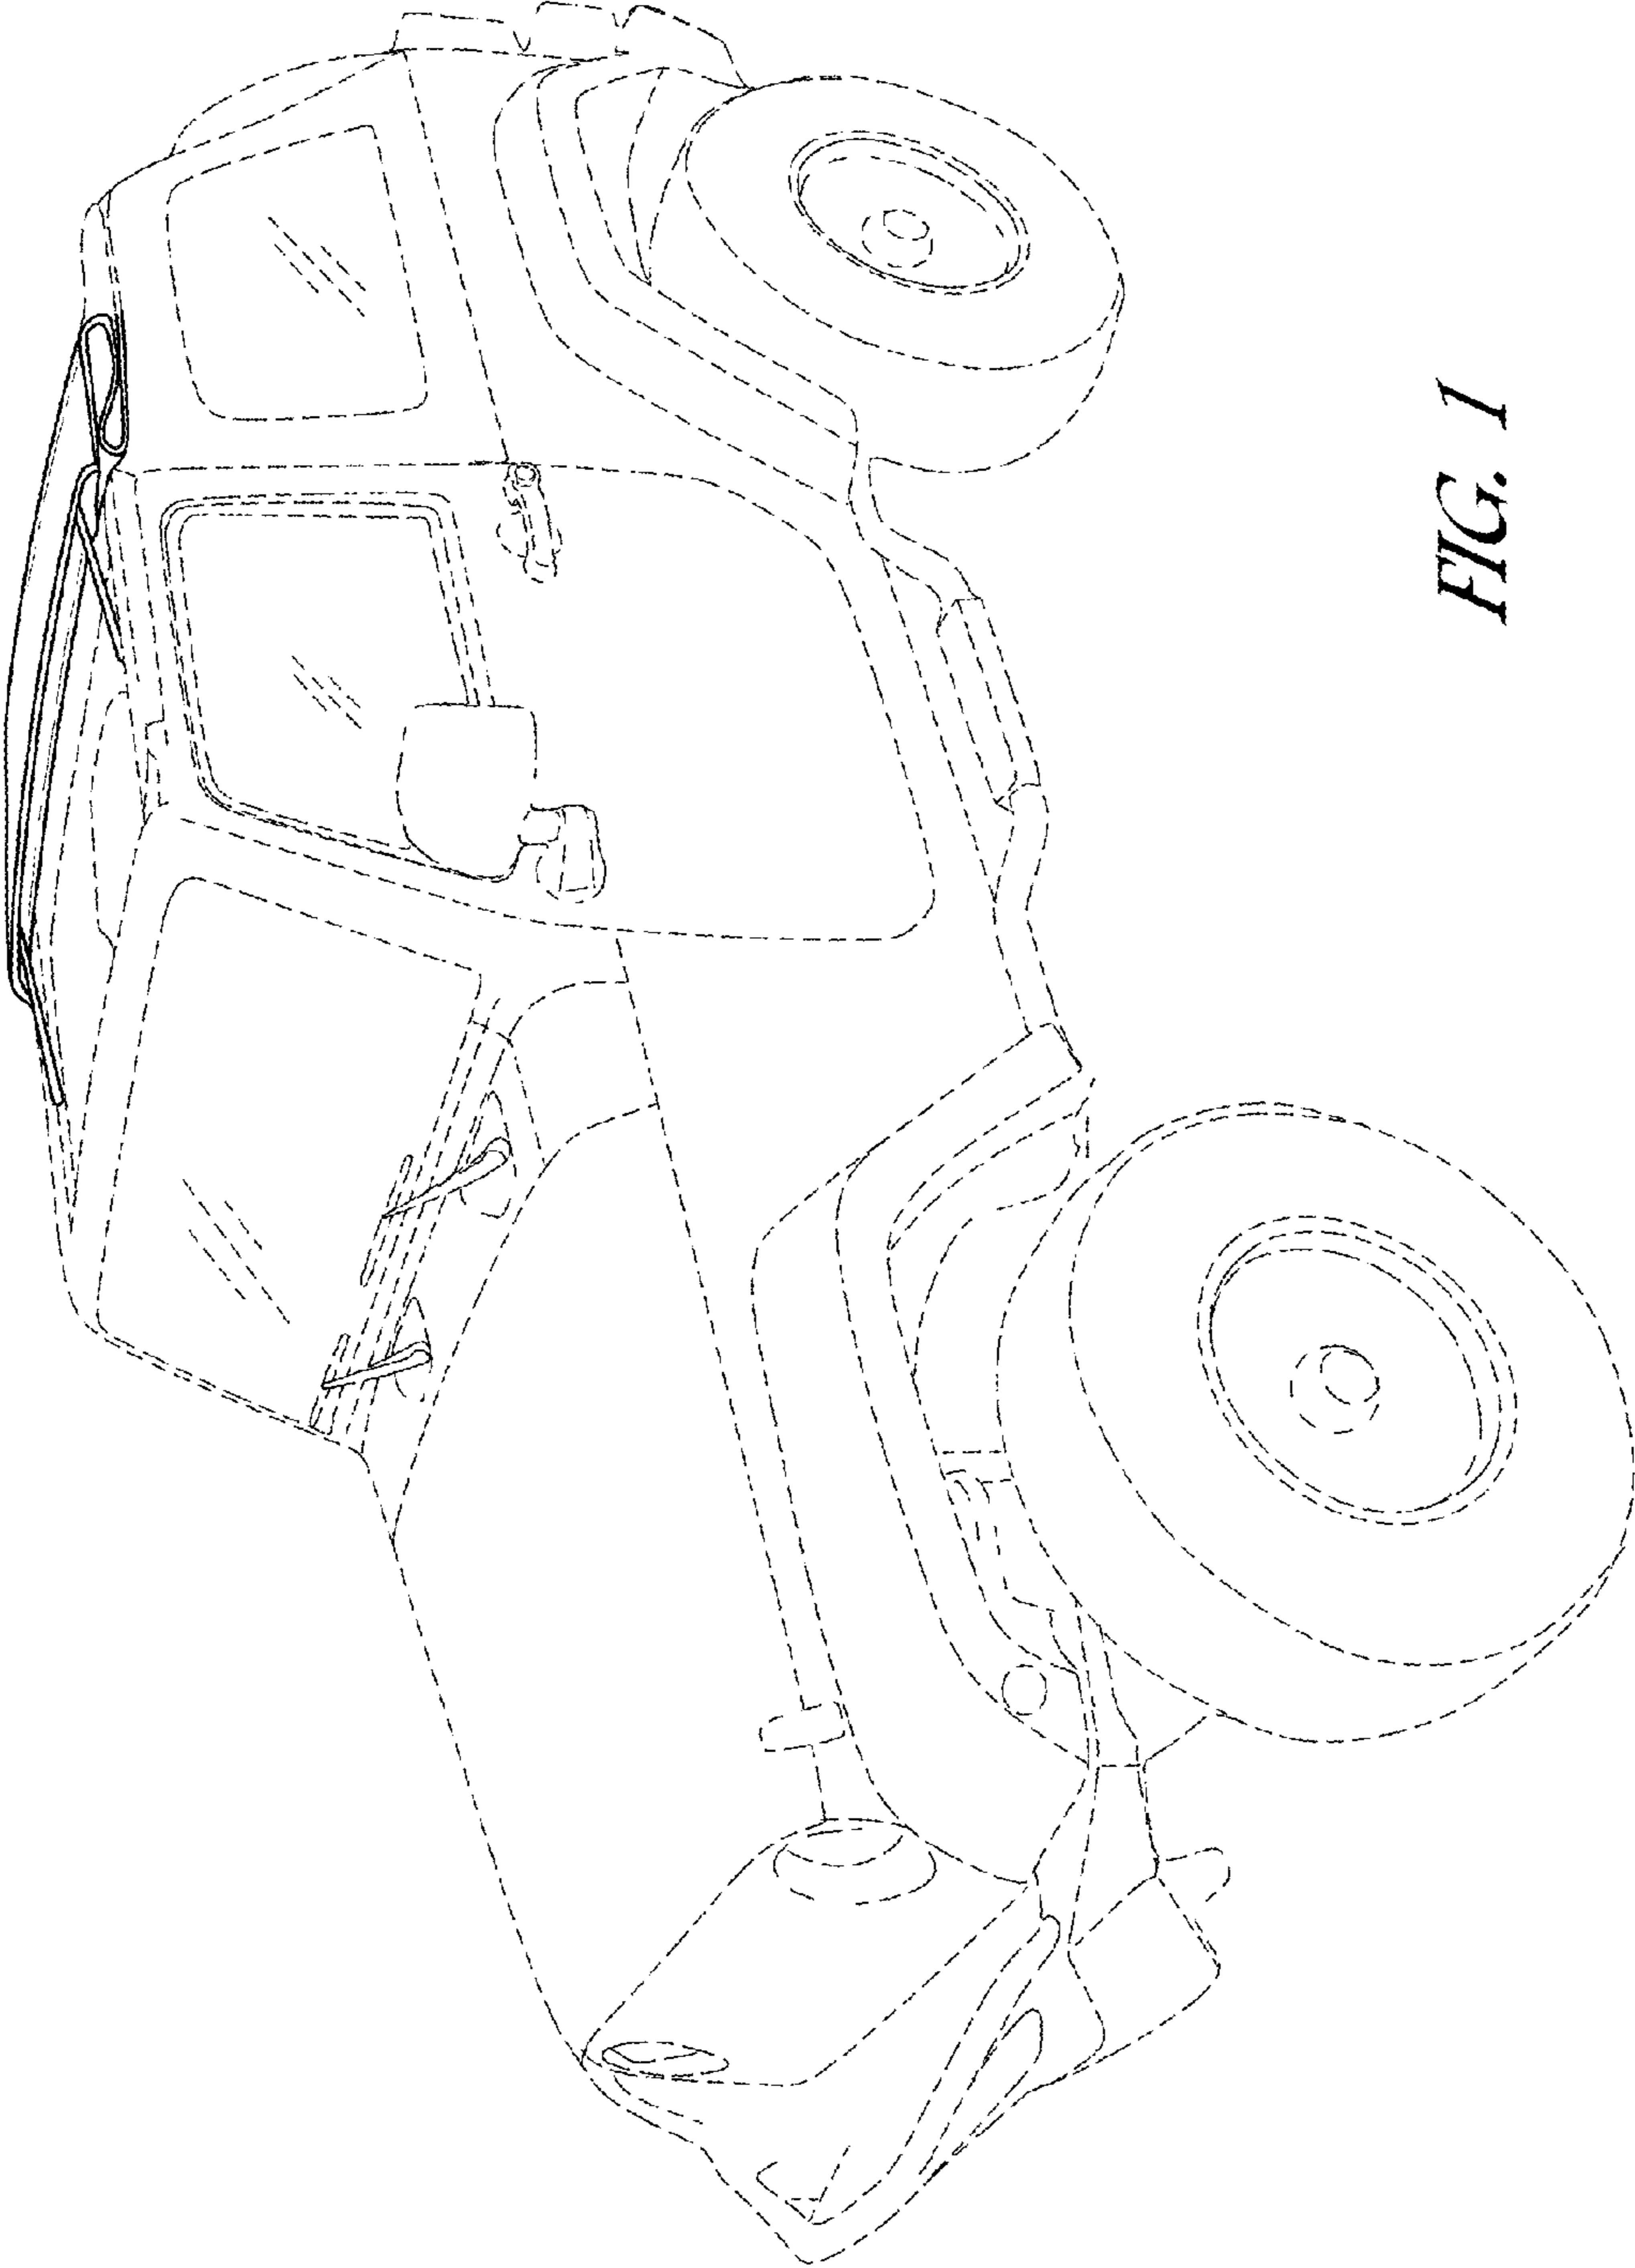

The ornamental design for a convertible top for an automobile, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a convertible top for an automobile, showing my new design;  
 FIG. 2 is an enlarged front perspective view thereof;  
 FIG. 3 is a left side elevation view thereof, it being understood that the right side is a mirror image thereof;  
 FIG. 4 is a rear perspective view thereof;  
 FIG. 5 is another rear perspective view thereof;  
 FIG. 6 is a front perspective view thereof of the convertible top for an automobile in an intermediate position;  
 FIG. 7 is a left side elevation view of the convertible top for an automobile in the intermediate position, it being understood that the right side is a mirror image thereof;  
 FIG. 8 is a rear perspective view of the convertible top for an automobile shown in the intermediate position;  
 FIG. 9 is a rear perspective view of the convertible top for an automobile shown in a closed position;  
 FIG. 10 is another rear perspective view of the convertible top for an automobile shown in the closed position; and  
 FIG. 11 is a front perspective view of the convertible top for an automobile in the closed position; and,  
 FIG. 12 is a left side elevation view of the convertible top for an automobile in the closed position, it being understood that the right side is a mirror image thereof.  
 Broken lines are for illustrative purpose only and form no part of the claimed design.
