(57) **CLAIM**

The ornamental design for a video rail, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the front, top and right side of a first embodiment of the present invention showing our new design.

FIG. 2 is a front elevational view of a first embodiment of the present invention.

FIG. 3 is a rear elevational view of a first embodiment of the present invention.

FIG. 4 is a top plan view of a first embodiment of the present invention.

FIG. 5 is a bottom plan view of a first embodiment of the present invention.

FIG. 6 is a left side elevational view of a first embodiment of the present invention.

FIG. 7 is a right side elevational view of a first embodiment of the present invention.

FIG. 8 is a perspective view of the front, top and right side of a second embodiment of the present invention showing our new design.

FIG. 9 is a front elevational view of a second embodiment of the present invention.

FIG. 10 is a rear elevational view of a second embodiment of the present invention.

FIG. 11 is a top plan view of a second embodiment of the present invention.

FIG. 12 is a bottom plan view of a second embodiment of the present invention.

FIG. 13 is a left side elevational view of a second embodiment of the present invention; and,

FIG. 14 is a right side elevational view of a second embodiment of the present invention.

The shading shown in the drawings are for illustrative purposes only and form no part of the claimed design.

Any broken line illustration of the environmental structure in the drawings is not part of the design sought to be patented.
