(57) **CLAIM**

The ornamental design for the display screen having a graphical user interface for packing items, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright rights whatsoever.

FIG. 1 is a front view of a first embodiment of a display screen having a graphical user interface for packing items.

FIG. 2 is a front view of a second embodiment of a display screen having a graphical user interface for packing items.

FIG. 3 is a front view of a third embodiment of a display screen having a graphical user interface for packing items.

FIG. 4 is a front view of a fourth embodiment of a display screen having a graphical user interface for packing items.

FIG. 5 is a front view of a fifth embodiment of a display screen having a graphical user interface for packing items; and,

FIG. 6 is a front view of a sixth embodiment of a display screen having a graphical user interface for packing items.

The broken line of the display screen and the broken lines showing portions of the graphical user interface form no part of the claimed design.
