(57) **CLAIM**

We claim the ornamental design for a display screen with graphical user interface with animated logo, as shown and described.

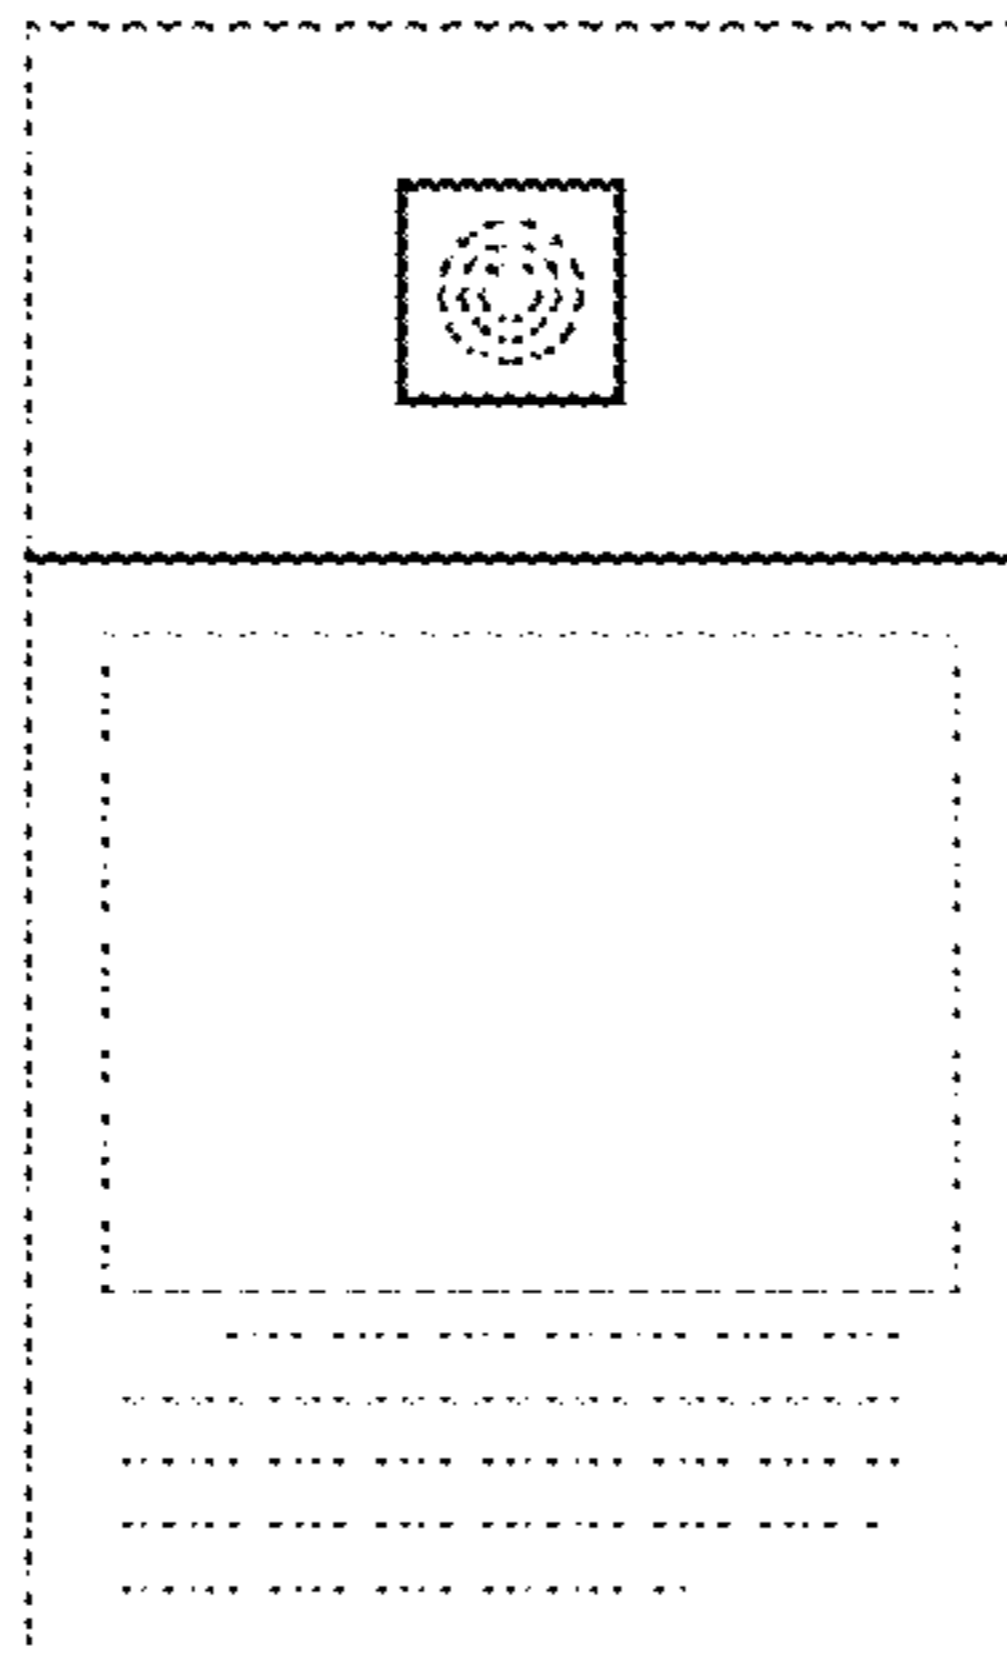

DESCRIPTION

FIGS. 1-3 are a first, second and third view of a first embodiment of an animated user interface of a graphical user interface of a programmed computer system for a display screen or portion thereof; and,

FIGS. 4-6 are a first, second and third view of a second embodiment of an animated user interface of a graphical user interface of a programmed computer system for a display screen or portion thereof.

The appearances of the transition embodiments are sequential between the separate embodiments shown in FIGS. 1-3 and 4-6. The process or period in which an embodiment transitions to another forms no part of the claimed design. The broken lines showing in a portion of a display screen, text and other elements in the Figures are included for the purpose of illustrating environmental structure and form no part of the claimed design.
