(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing my/our new design.

The broken lines shown in the drawings illustrate a display device and portions of the display screen with graphical user interface that forms no part of the claimed design.

The claimed design includes only the polygonal forms, or portions thereof, shown in full solid lines. Specifically, this includes the large rectangular-shaped box, three smaller squared-shaped boxes, and the bottom portions of the vertical bars that are shown in full solid lines.

The broken line showing and any negative and/or white spaces between and surrounding said broken lines are provided to illustrate portions of the article that do not form part of the claimed design.
