(57) **CLAIM**

The ornamental design for a edge protector for mobile communications device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view taken from the top, front, and left side of the edge protector for mobile communications device of the present new design.

FIG. 2 is a perspective view taken from the top, rear, and left side of the edge protector for mobile communications device of the present new design.

FIG. 3 is a front elevation view of the edge protector for mobile communications device of FIG. 1.

FIG. 4 is a rear elevation view of the edge protector for mobile communications device of FIG. 1.

FIG. 5 is a right side elevation view of the edge protector for mobile communications device of FIG. 1.

FIG. 6 is a left side elevation view of the edge protector for mobile communications device of FIG. 1.

FIG. 7 is a top plan view of the edge protector for mobile communications device of FIG. 1; and,

FIG. 8 is a bottom plan view of the edge protector for mobile communications device of FIG. 1.
