(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface, showing our new design. The evenly spaced broken lines illustrate a display screen or portion thereof, illustrate portions of the graphical user interface, and illustrate the environment of the display screen or portion thereof. The dot-dash broken lines define boundaries of the claimed design. None of the broken lines form part of the claimed design.
