(57) **CLAIM**

The ornamental design for a workspace display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a first image for a display screen of a graphical user interface showing a new design; and, FIG. 2 is a second image thereof.

The appearance of the workspace display screen with animated graphical user interface transitions sequentially between the images shown in FIGS. 1-2. The process or period in which one image transitions to another, forms no part of the claimed design.

The broken lines showing text, portions of the graphical user interface, and the display screen are for the purpose of illustrating portions of the article, and form no part of the claimed design.
