(57) **CLAIM**

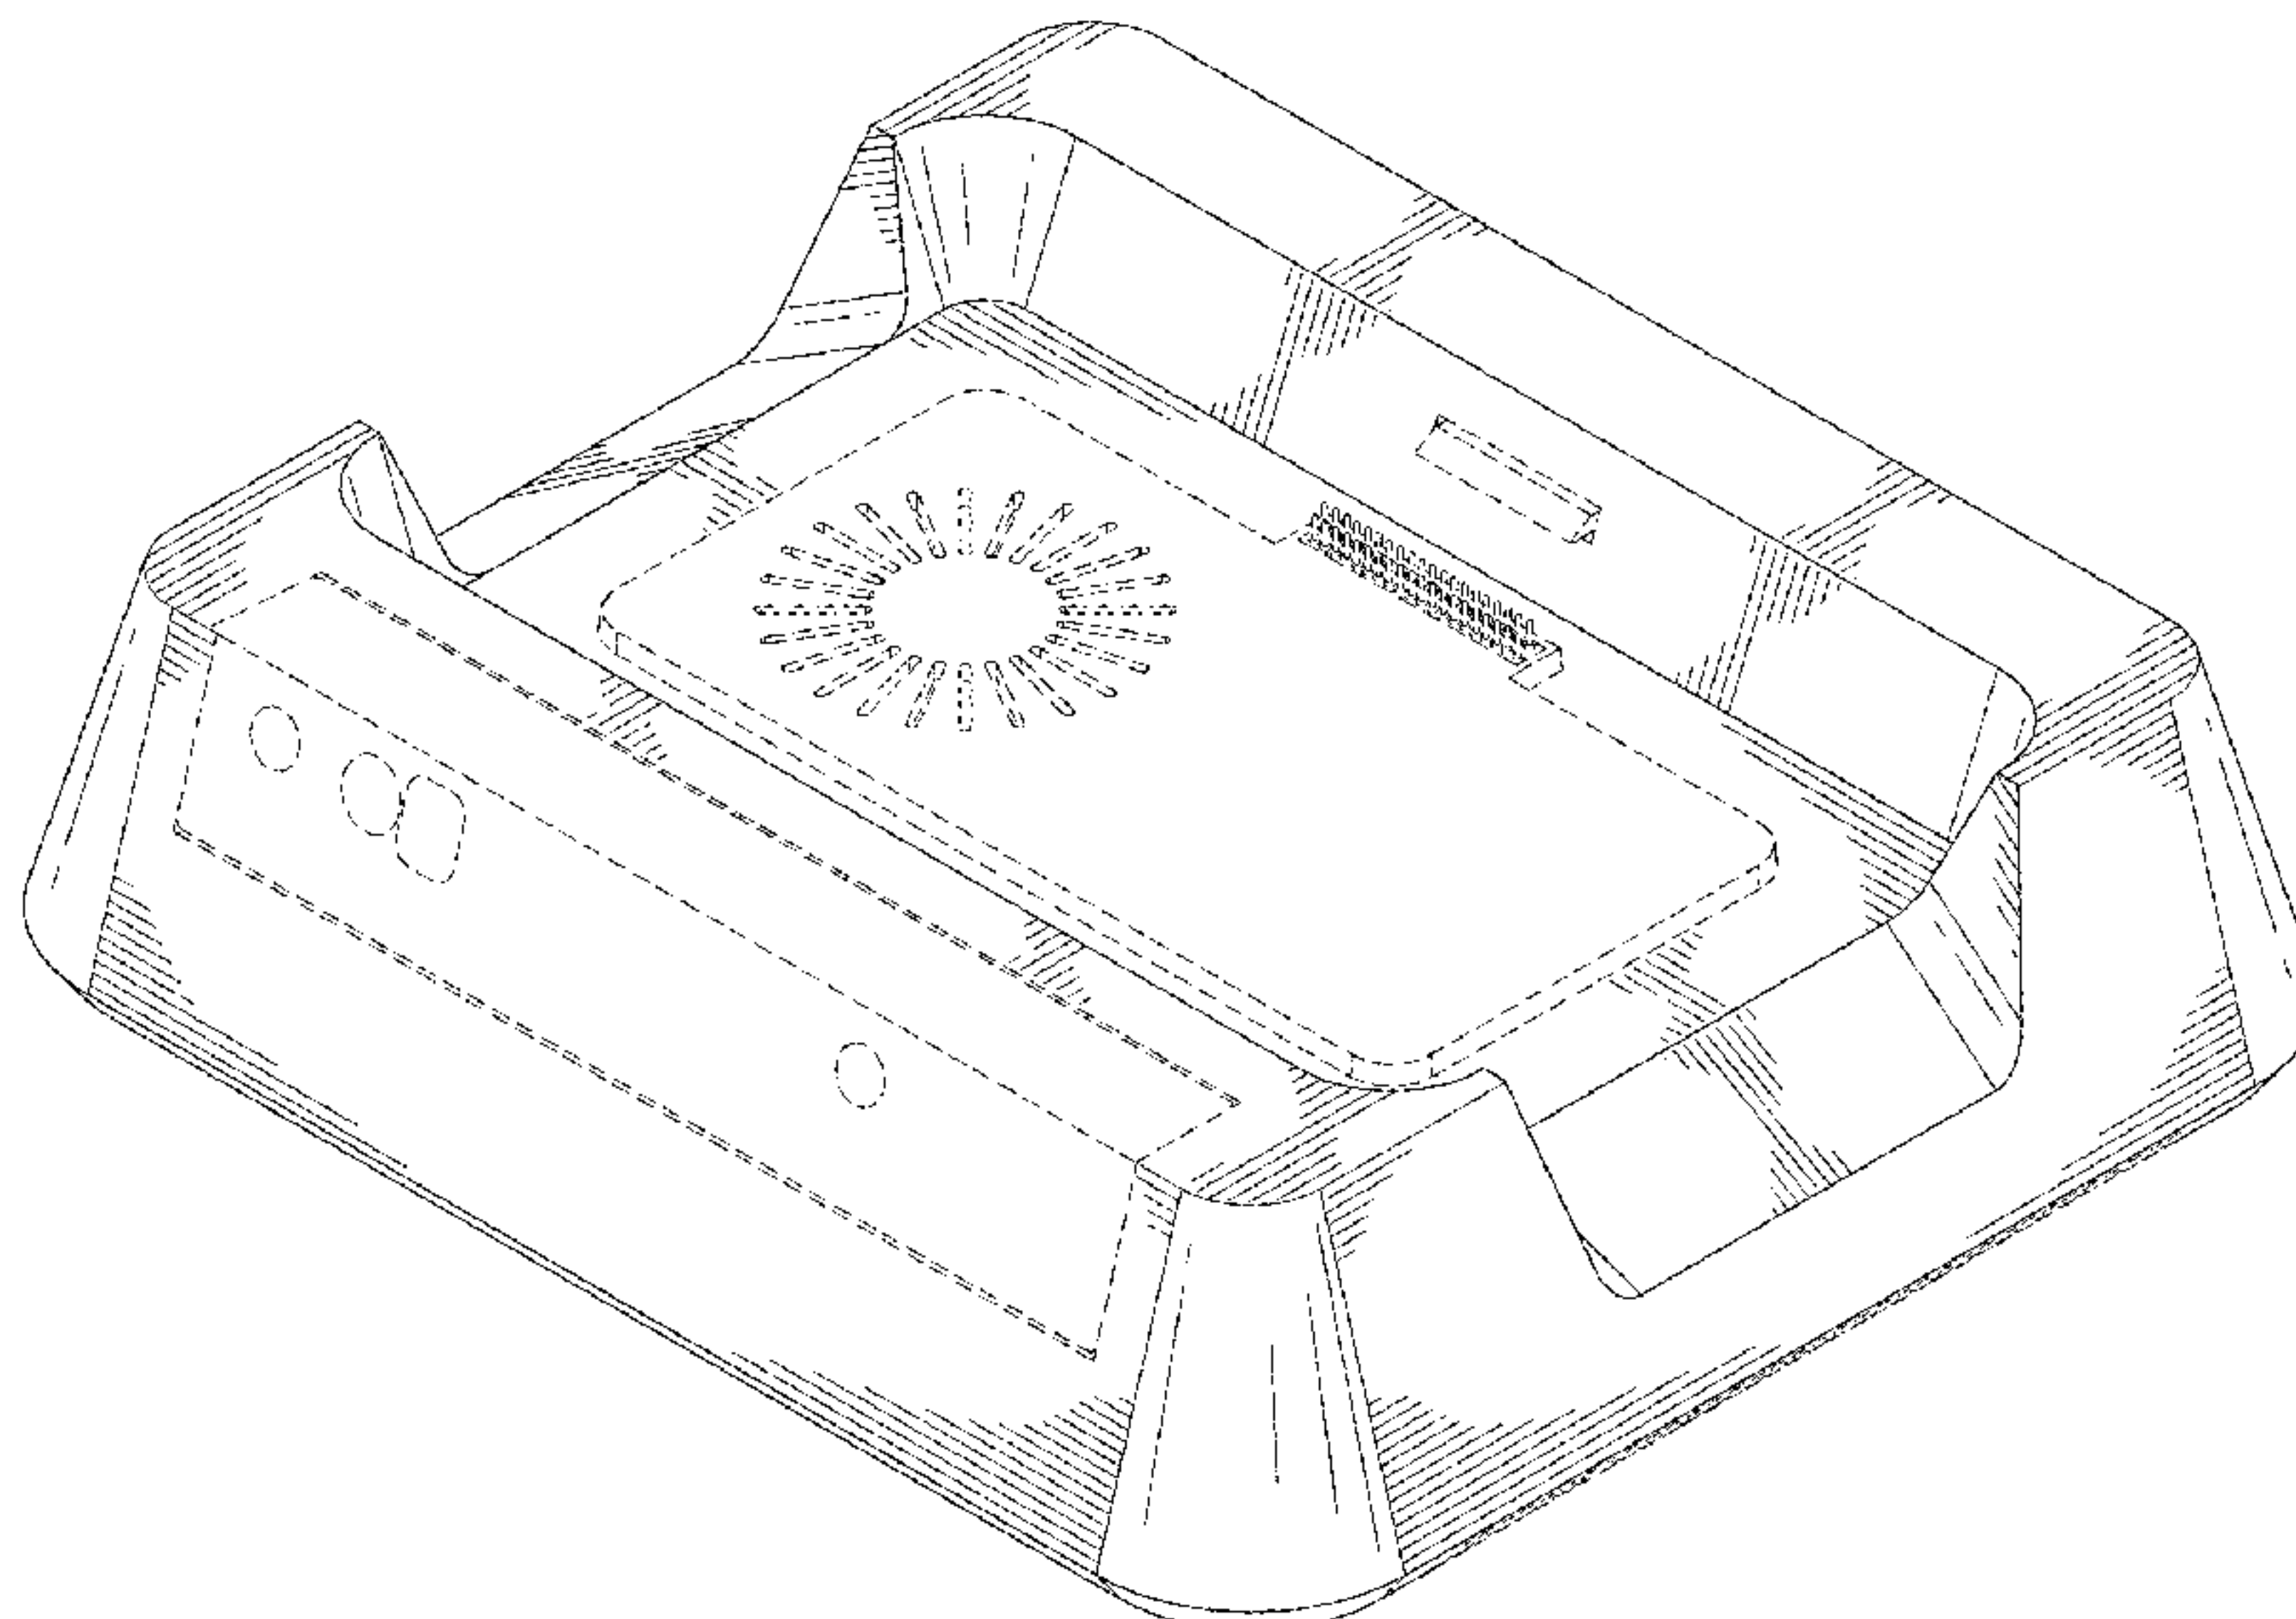

The ornamental design for a modular computing device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a modular computing device showing our new design;
FIG. 2 is a front view thereof;
FIG. 3 is a back view thereof;
FIG. 4 is a side view thereof;
FIG. 5 is another side view thereof;
FIG. 6 is a top view thereof;
FIG. 7 is a bottom view thereof; and,
FIG. 8 is an enlarged perspective view of the docking interface shown in FIG. 1.

The broken lines shown in the preceding FIGURES illustrate portions of the modular computing device and form no part of the claimed design. The broken lines and the unshaded regions bounded by broken lines of the preceding FIGURES illustrate boundaries and, therefore, form no part of the claimed design. Non-oblique line shading is meant to show contour and not surface ornamentation.
