(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing the new design. The broken line showing of text and the remainder of the graphical user interface, as well as the display screen illustrate portions of the article, and form no part of the claimed design. The device shown in broken lines illustrates environmental subject matter, and forms no part of the claimed design.
