(57) **CLAIM**
The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document of the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright rights whatsoever.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing my new design. The broken lines showing of the outermost rectangle illustrates a display screen or portion thereof with graphical user interface. The broken lines shown within the outermost rectangle illustrate portions of the display screen or portion thereof with graphical user interface. None of the broken lines form any part of the claimed design.
