(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence for a display screen with animated graphical user interface showing our new design; FIG. 2 is the second image thereof; FIG. 3 is the third image thereof; FIG. 4 is the fourth image thereof; and, FIG. 5 is the fifth image thereof.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another forms no part of the claimed design. The broken line showing of the text, the icons, the remainder of the animated graphical user interface and the remainder of the display screen, illustrate portions of the display screen with animated graphical user interface, and forms no part of the claimed design. The broken line showing of an electronic device is for the purpose of illustrating environmental structure, and forms no part of the claimed design.
