(57) **CLAIM**

We claim the ornamental design for a display screen of a communications terminal with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a display screen of a communications terminal with graphical user interface; and, FIG. 2 is a front view of a second embodiment thereof. The outer broken line square showing of the display screen of a communication terminal and all other broken lines showing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.
