(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing the new design. The broken line showing of text, icons, elements of the graphical user interface, and the display screen illustrate portions of the article, and the device shown in broken line illustrates environmental subject matter. None of the broken lines form part of the claimed design.
