(57) **CLAIM**

We claim the ornamental design for a child active venting system for disposable respirator, as shown and described.

DESCRIPTION

FIG. 1 is an illustration of a perspective view of a child active venting system in accordance with the present design.

FIG. 2 is an illustration of a front view of the child active venting system depicted in FIG. 1 in accordance with the present design.

FIG. 3 is an illustration of a back view of the child active venting system depicted in FIG. 1 in accordance with the present design.

FIG. 4 is an illustration of a bottom view of the child active venting system depicted in FIG. 1 in accordance with the present design.

FIG. 5 is an illustration of a side view of the child active venting system depicted in FIG. 1 in accordance with the present design; and,

FIG. 6 is an illustration of a top view of the child active venting system depicted in FIG. 1 in accordance with the present design.

The dash-dot-dash broken lines represent the boundaries of the claim design and form no part thereof. The dash-dash broken lines illustrate portions of the child active venting system for disposable respirator which form no part of the claimed design.

1 Claim, 6 Drawing Sheets
