(57) **CLAIM**
The ornamental design for a cockpit user input device, as shown and described.

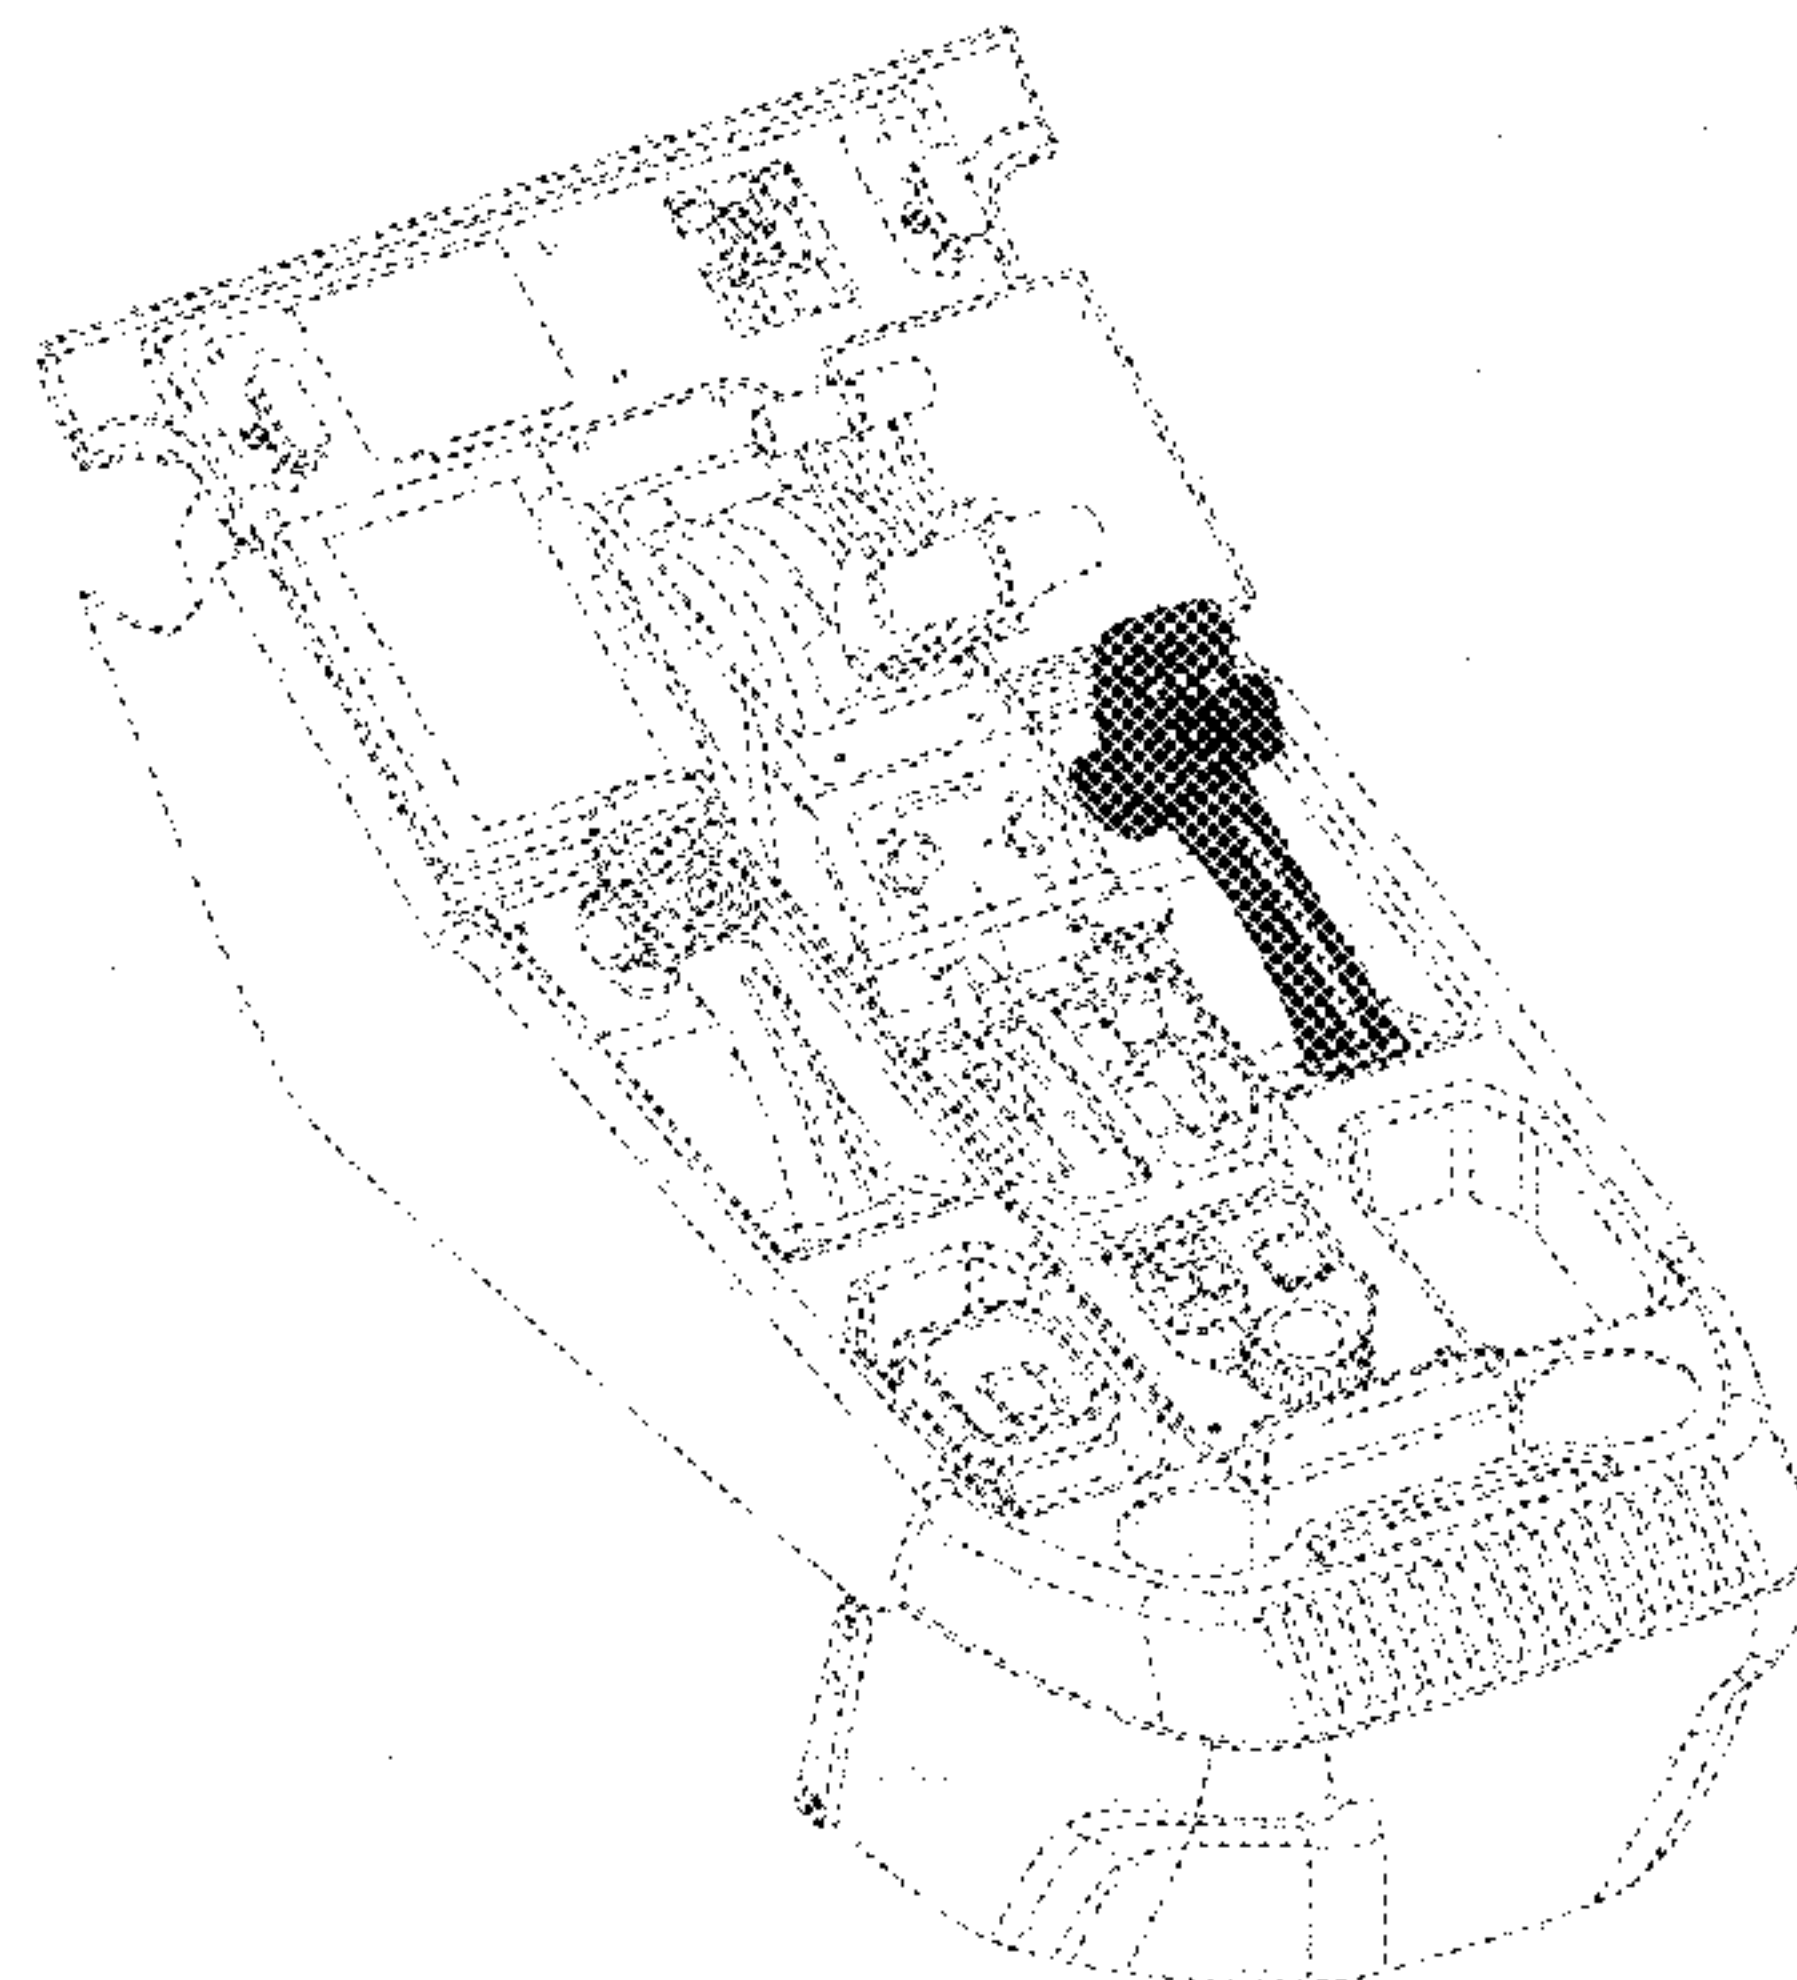

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.
FIG. 1 is a front perspective view of a cockpit user input device showing our new design;
FIG. 2 is a top view thereof, with environmental structure removed for clarity of disclosure;
FIG. 3 is a first side view thereof;
FIG. 4 is a second side view thereof;
FIG. 5 is a back view thereof; and,
FIG. 6 is a front view thereof, the back view forming no part of the claimed design.
The broken lines illustrate structure and environment that form no part of the claimed design.
