(57) **CLAIM**

The ornamental design for a display panel or a portion thereof with an animated computer icon, as shown and described.

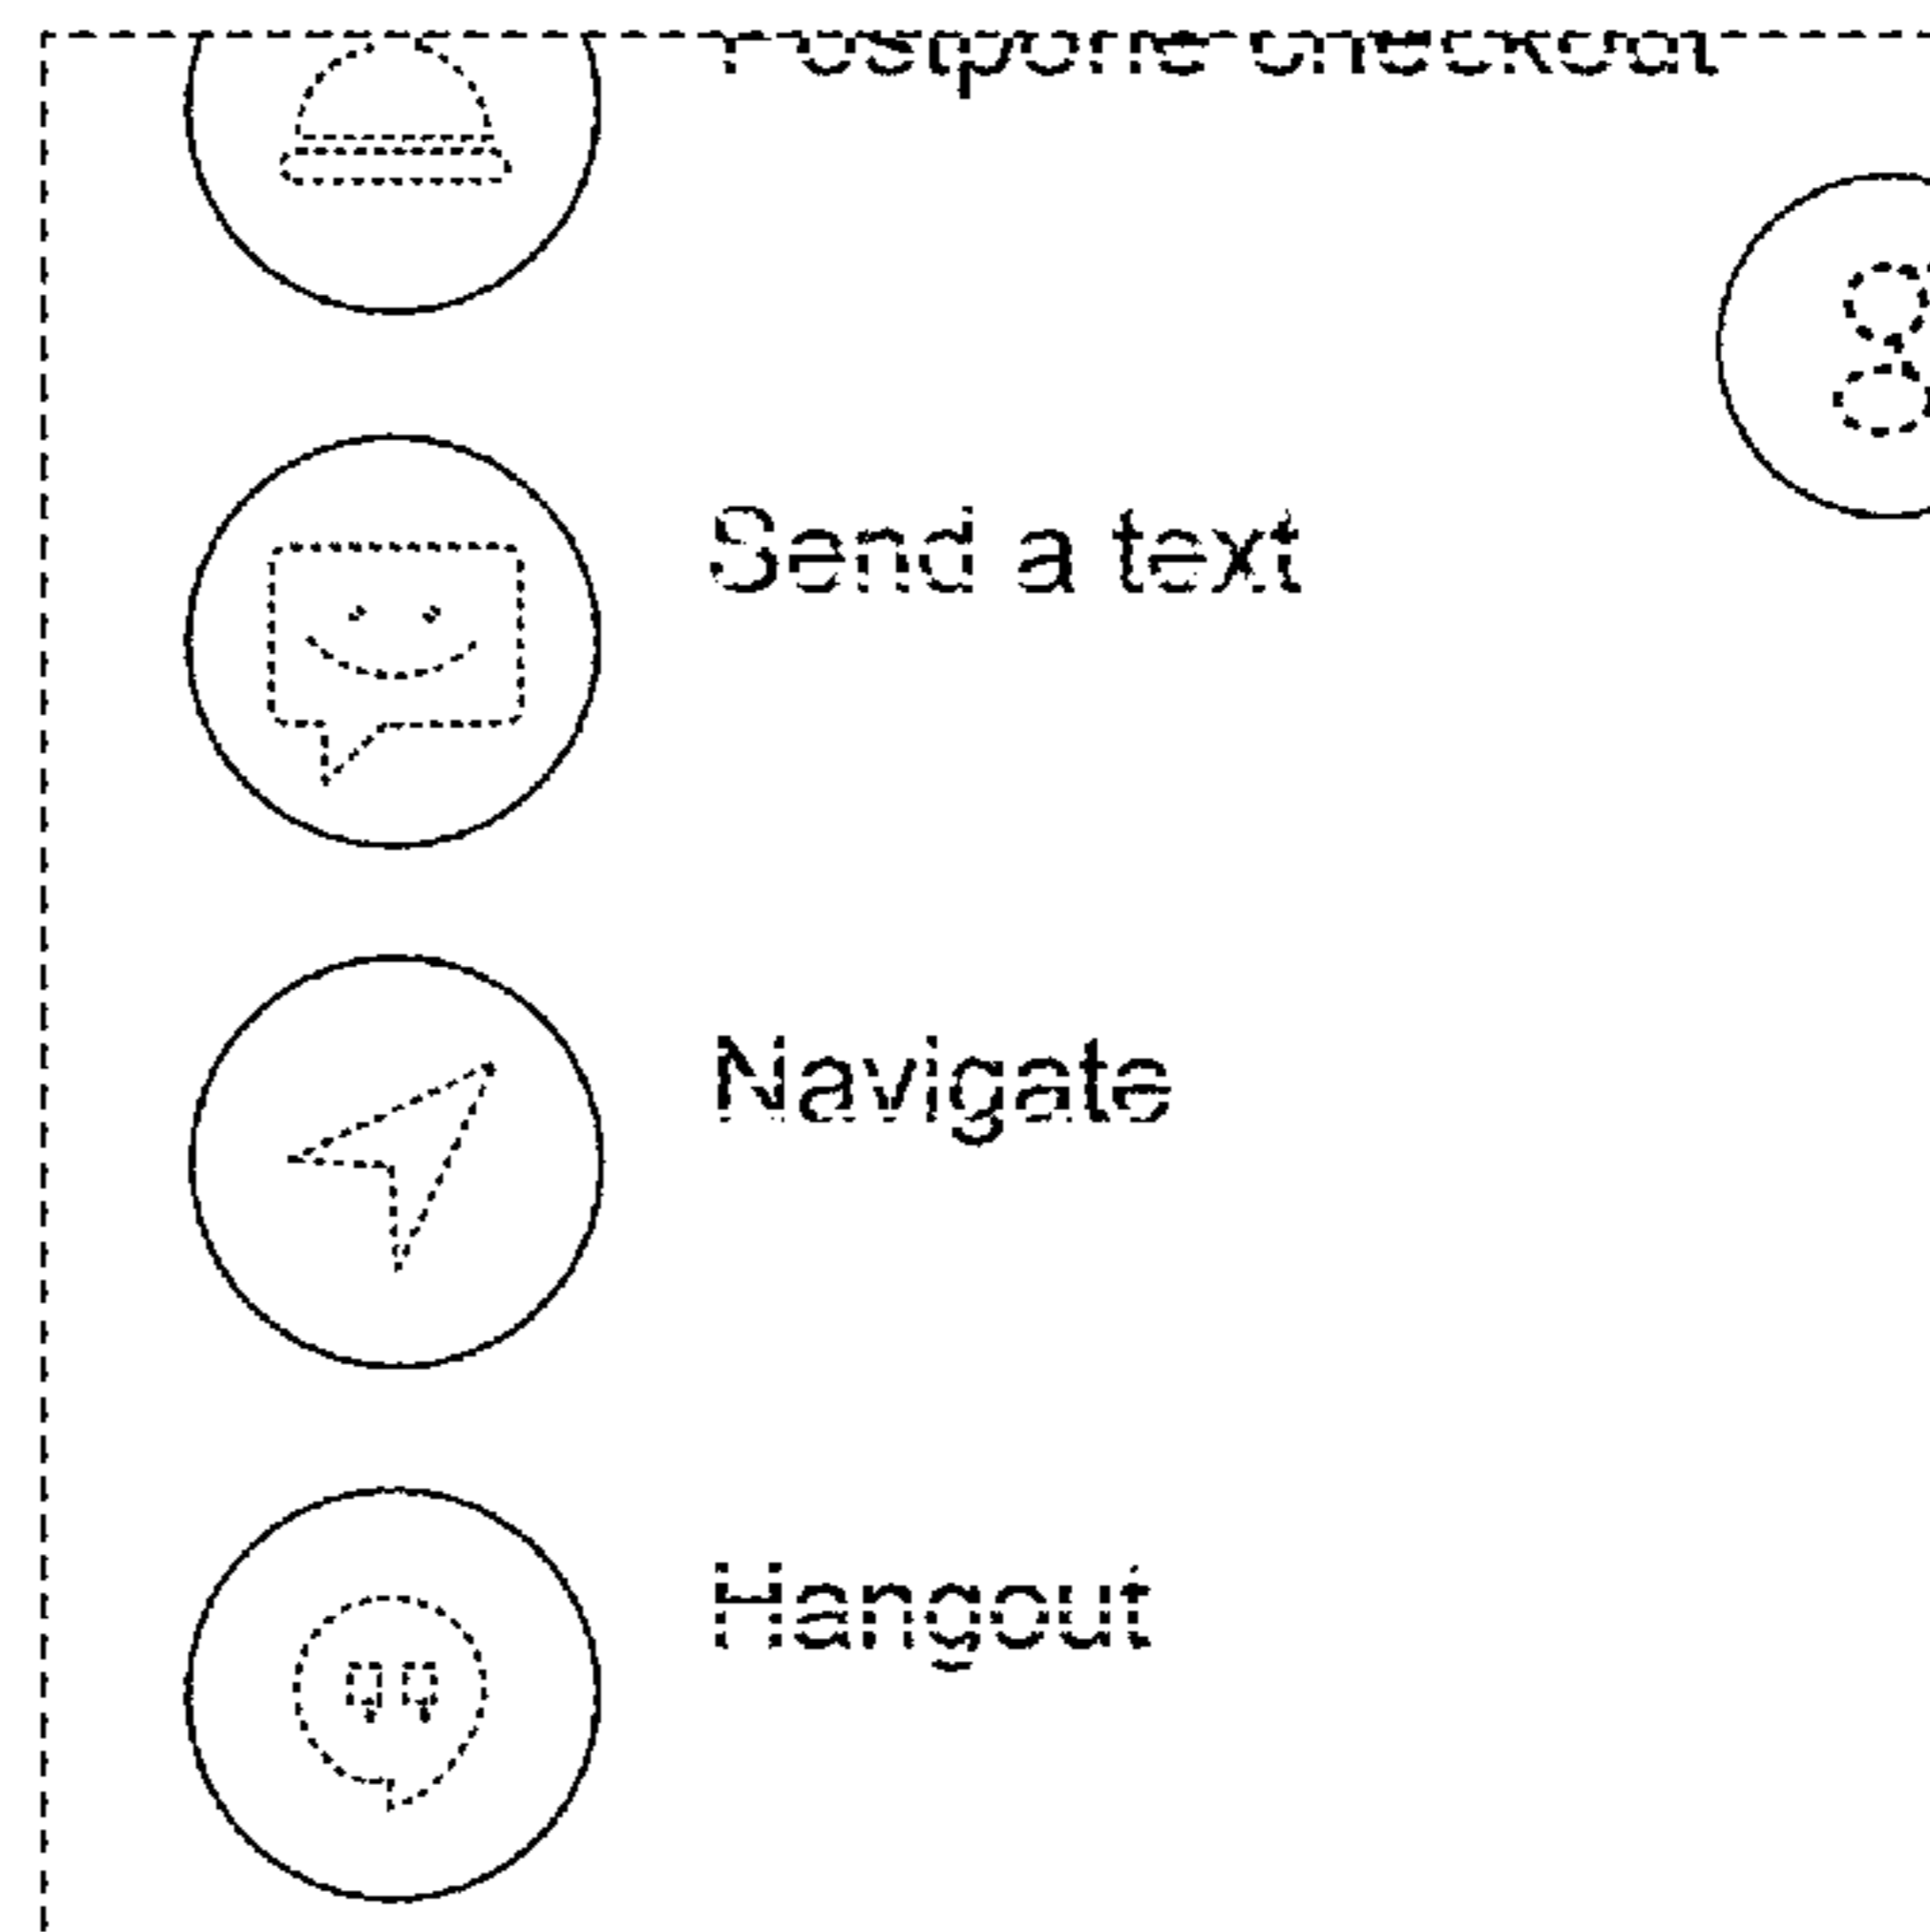

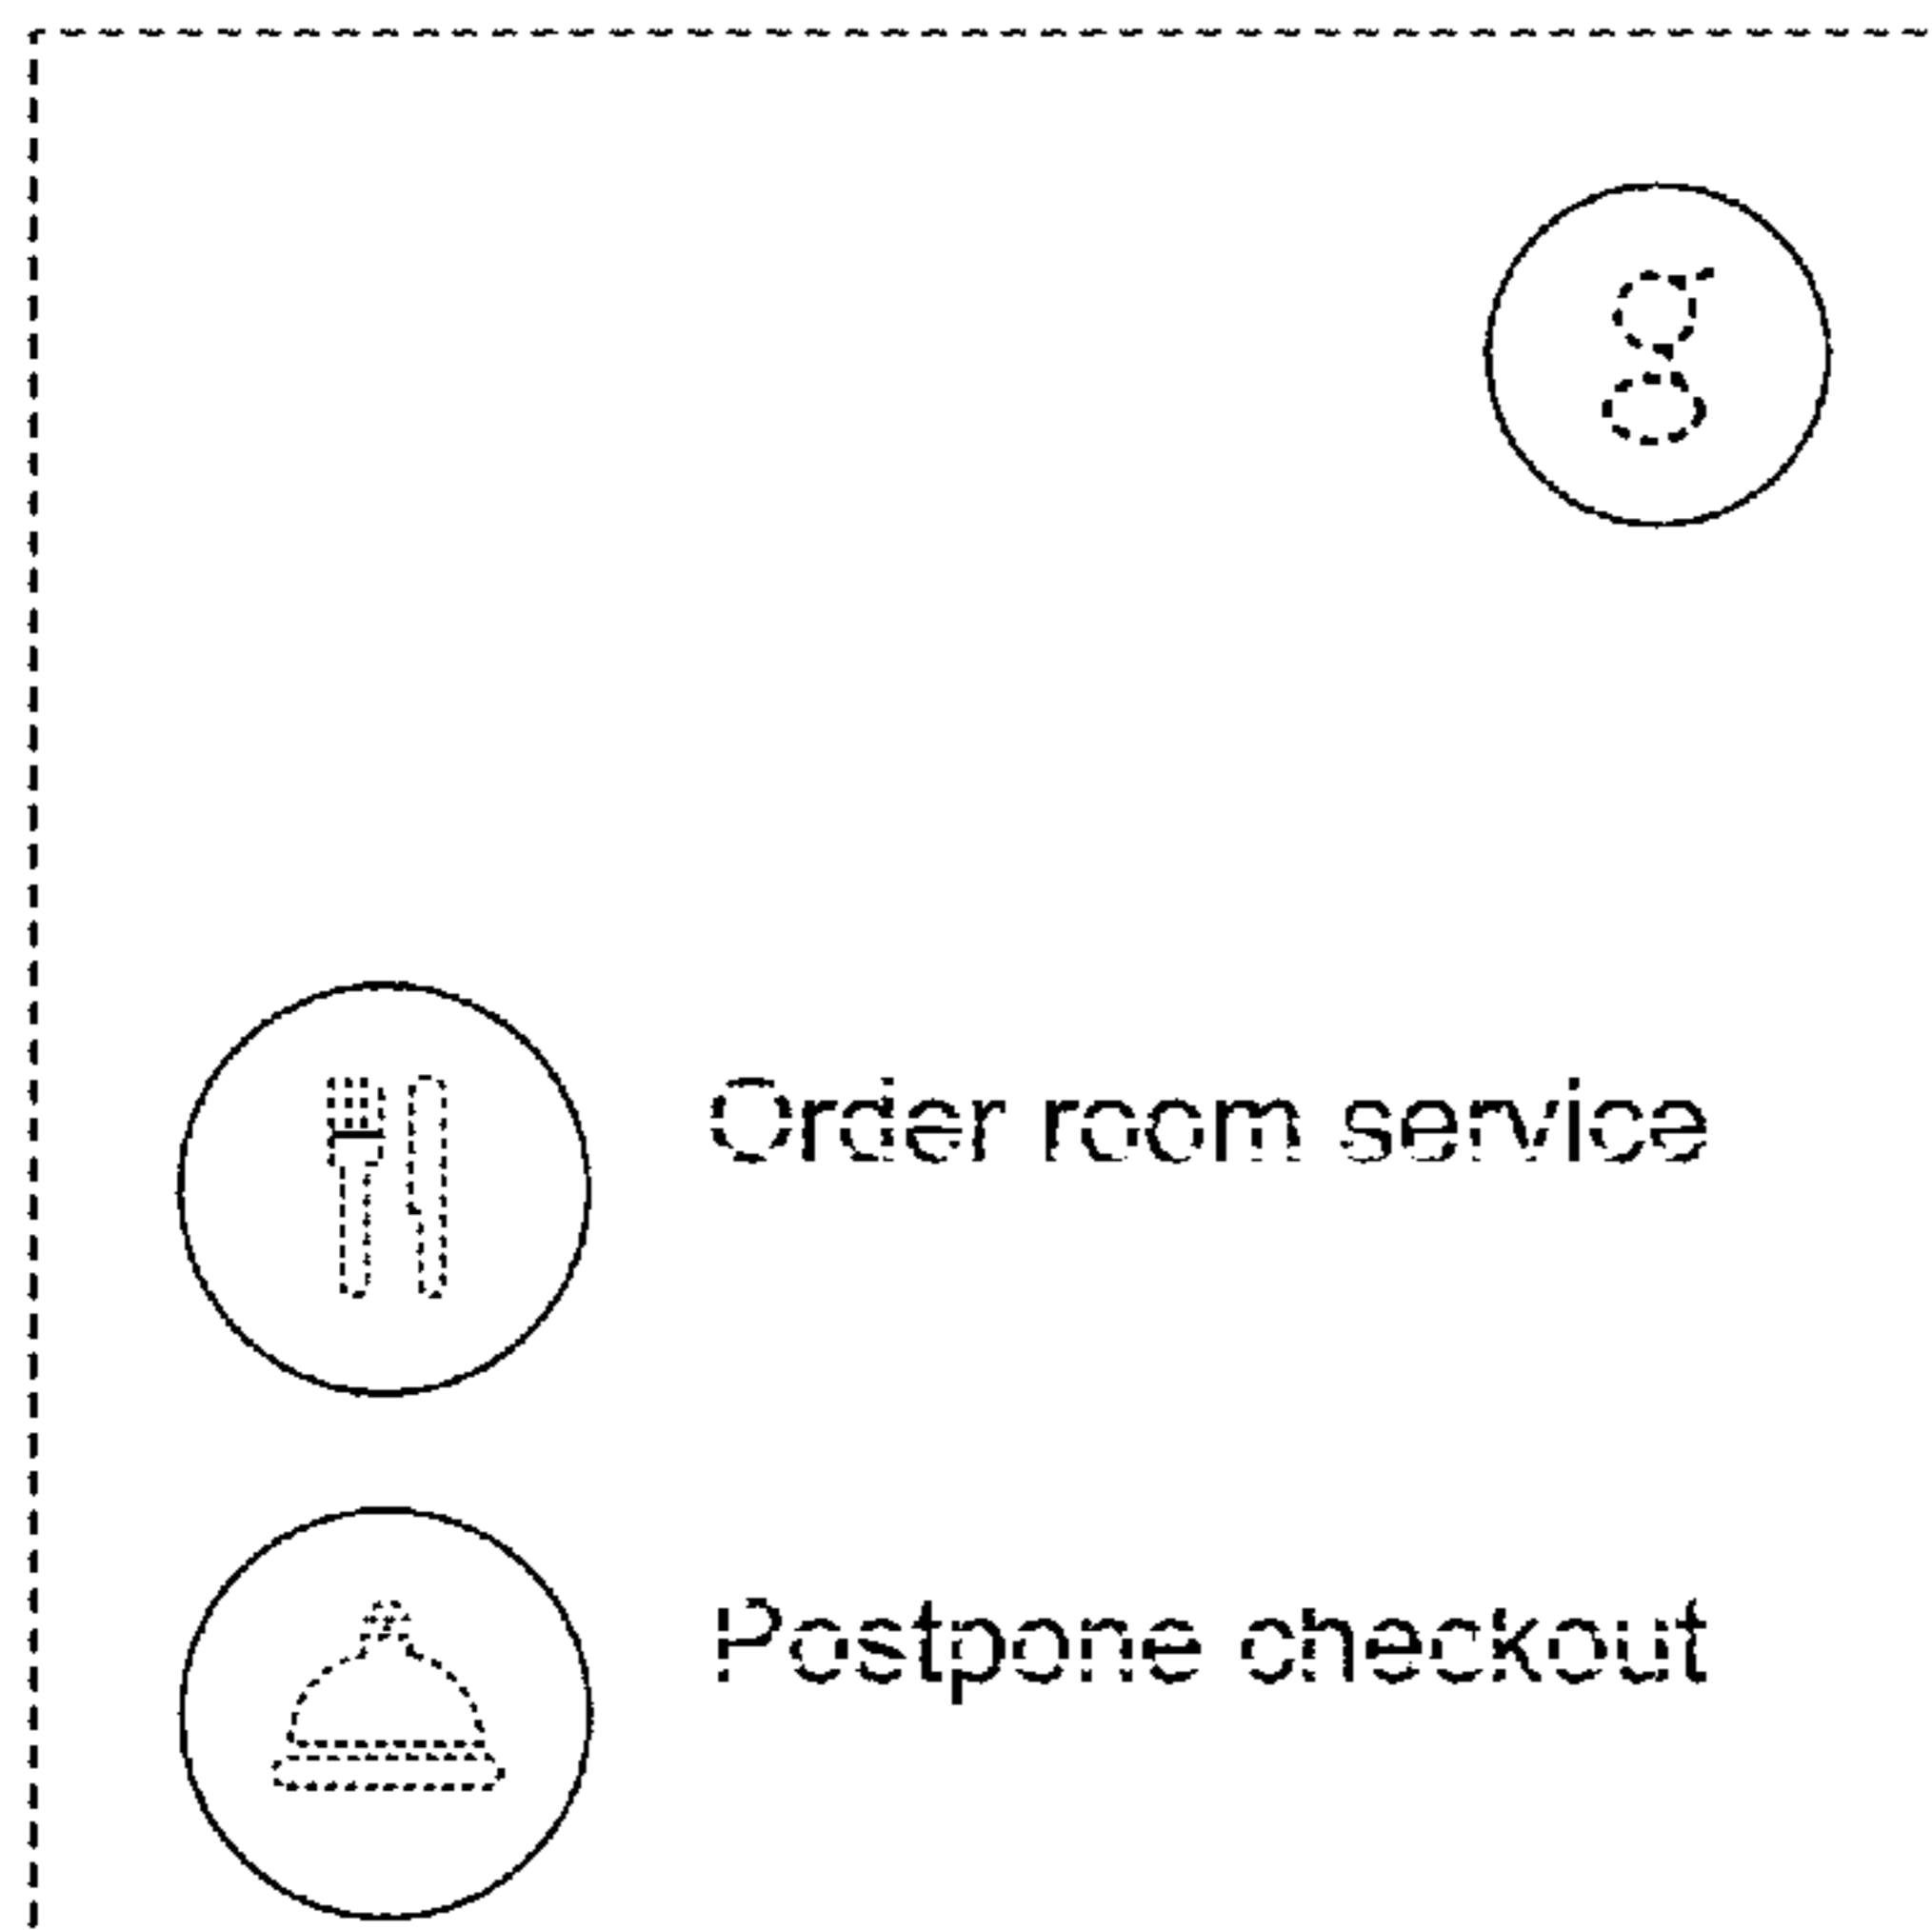

DESCRIPTION

FIG. 1 is a front view of a display panel or a portion thereof, showing a first image of my animated computer icon. FIG. 2 is a front view of a display panel or a portion thereof, showing a second image of my animated computer icon. FIG. 3 is a front view of a display panel or a portion thereof, showing a third image of my animated computer icon. FIG. 4 is a front view of a display panel or a portion thereof, showing a fourth image of my animated computer icon. FIG. 5 is a front view of a display panel or a portion thereof, showing a fifth image of my animated computer icon. FIG. 6 is a front view of a display panel or a portion thereof, showing a sixth image of my animated computer icon. FIG. 7 is a front view of a display panel or a portion thereof, showing a seventh image of my animated computer icon. FIG. 8 is a front view of a display panel or a portion thereof, showing a first image of my animated computer icon. FIG. 9 is a front view of a display panel or a portion thereof, showing a ninth image of my animated computer icon; and, FIG. 10 is a front view of a display panel or a portion thereof, showing a tenth image of my animated computer icon.

The process or period in which the images transition forms no part of the claimed design.

The outermost broken line showing of the display panel with animated computer icon is included for the purpose of illustrating the article and forms no part of the claimed design. The broken line showing of text and graphical elements within the display panel show portions of the animated computer icon and form no part of the claimed design.

1 Claim, 5 Drawing Sheets
