(57) **CLAIM**  
We claim, the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design. The broken lines showing the display screen and portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.

See application file for complete search history.
