(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

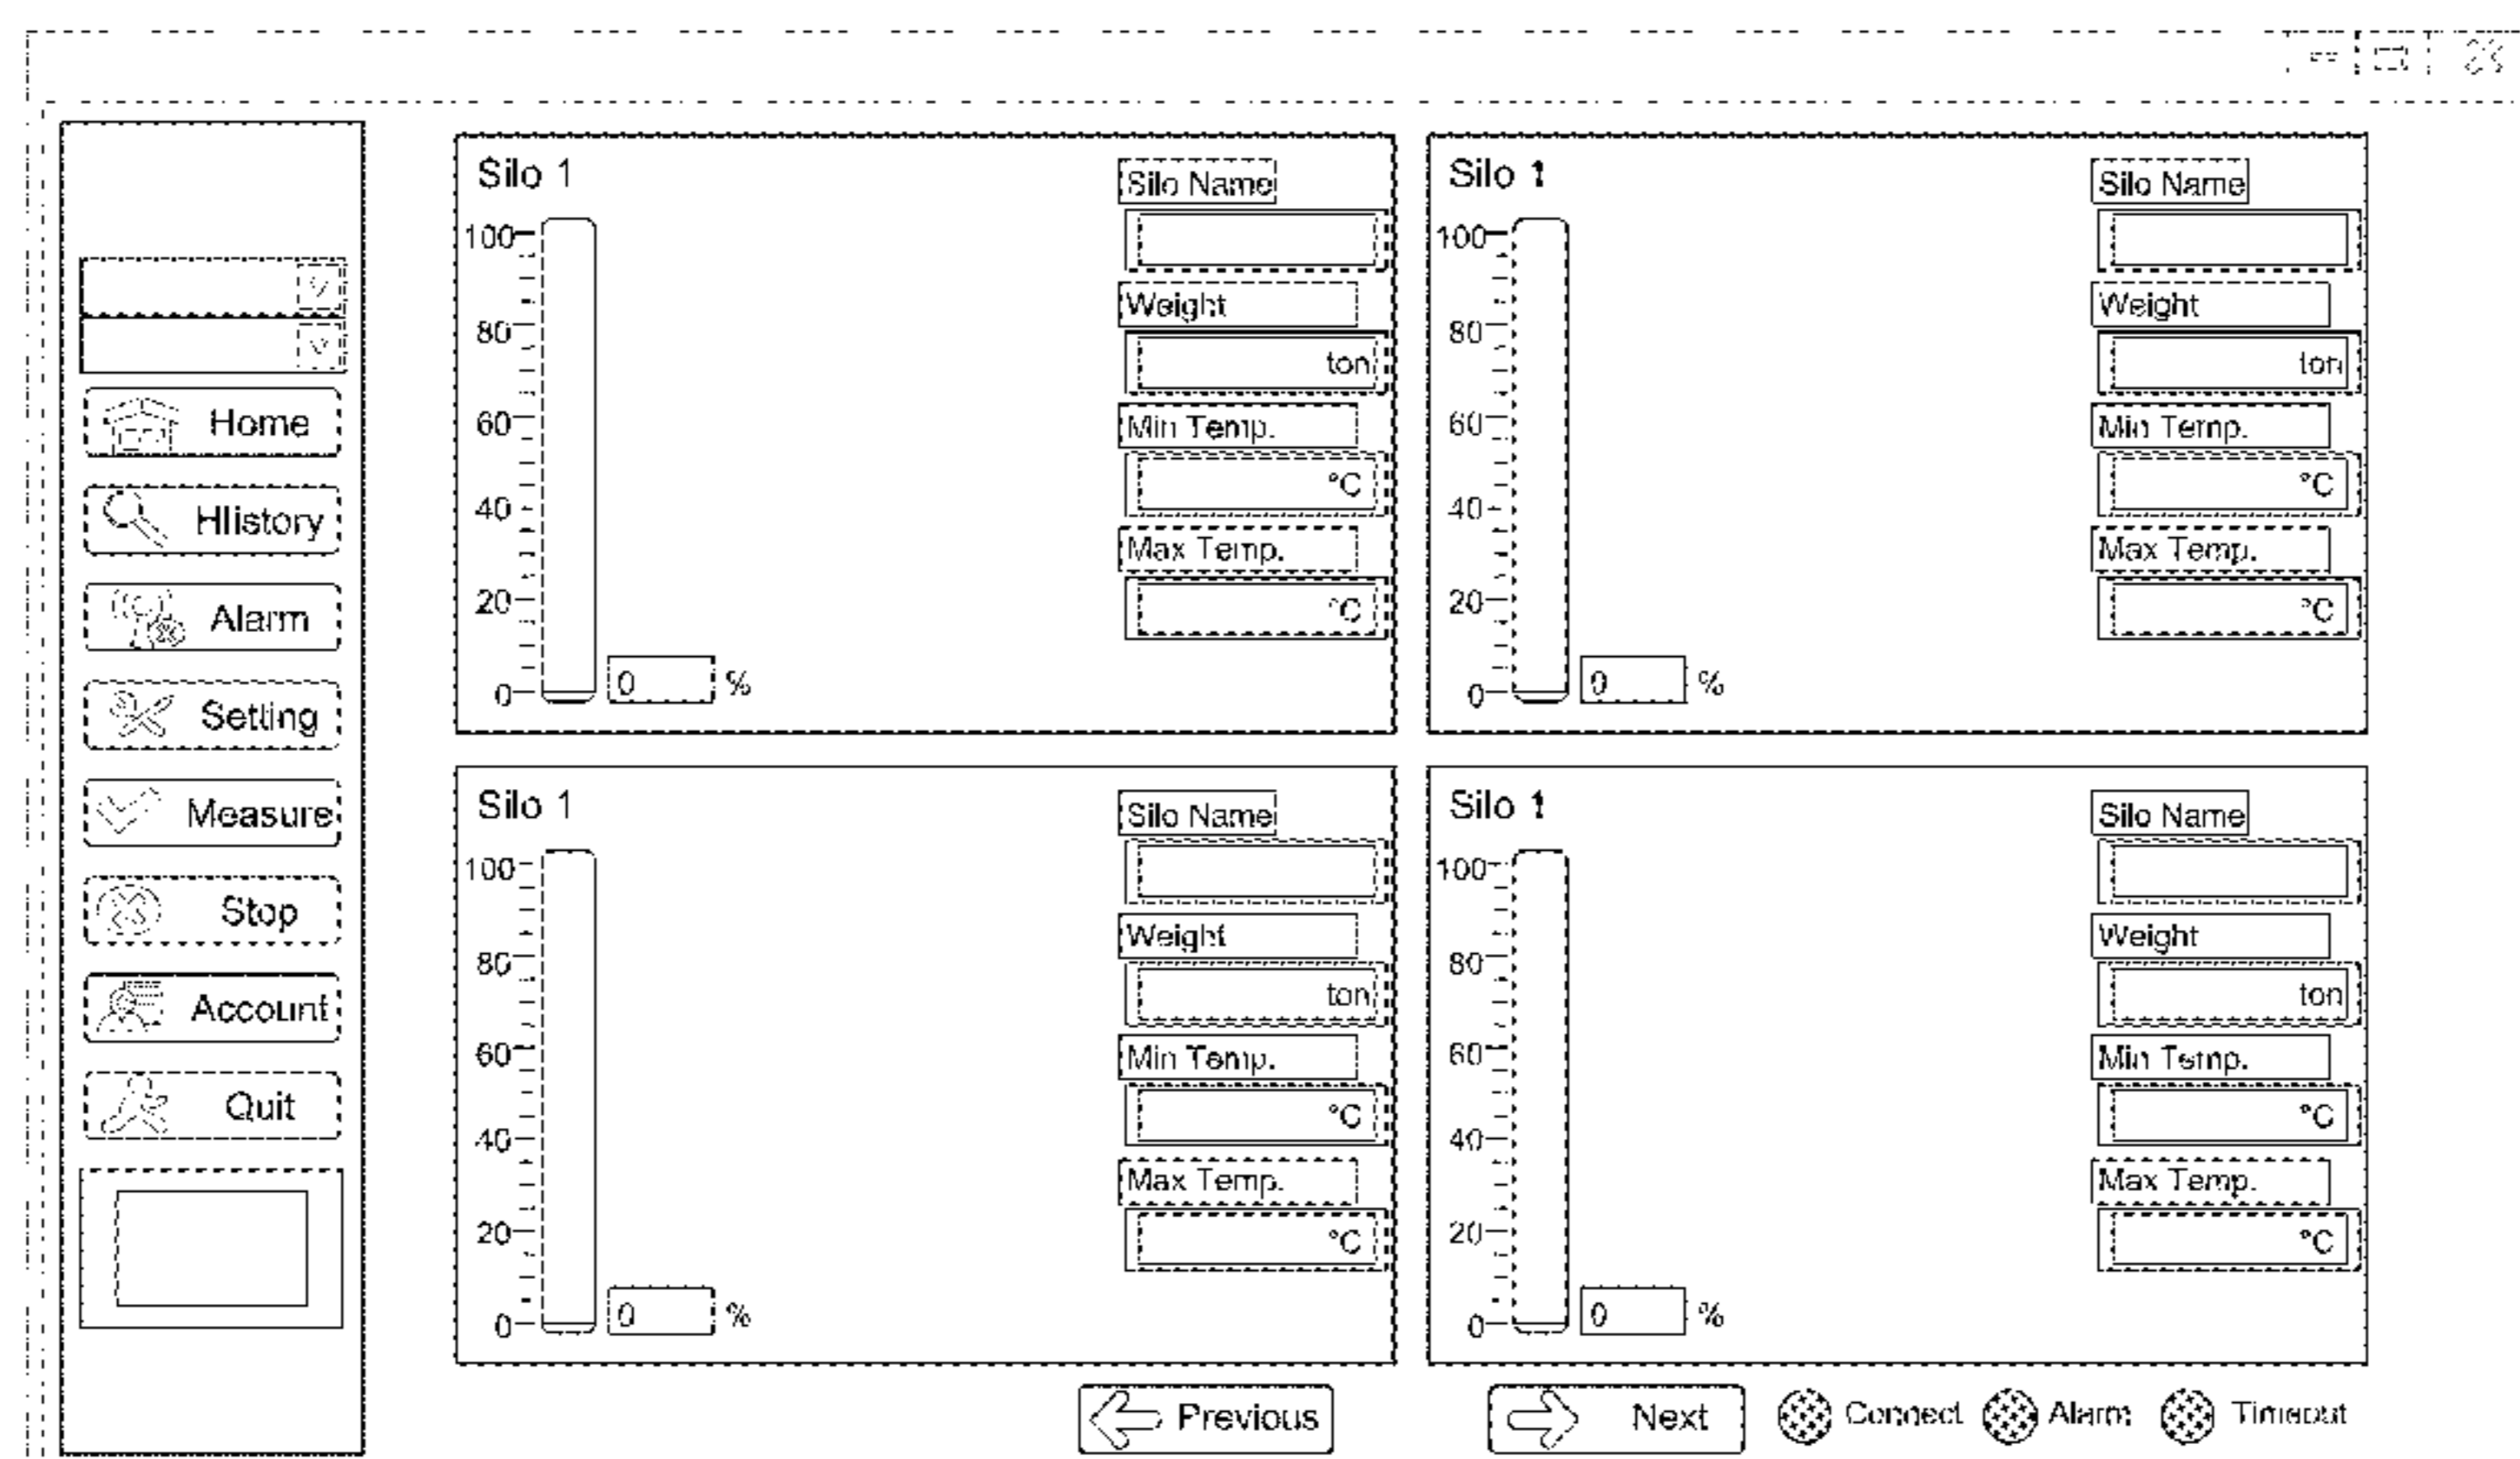

FIG. 1 is a front view of the display screen with a graphical user interface.

FIG. 2 is a front view of a second embodiment of the display screen with a graphical user interface, and showing alternate broken lines; and,

FIG. 3 is another front view of the display screen with graphical user interface of FIG. 1, but showing alternate broken line subject matter.

In FIGS. 1 and 3, the outermost dash-dot broken lines illustrate the display screen, and the remaining evenly spaced broken lines illustrate portions of the graphical user interface. In FIG. 2, the outermost broken lines illustrate an electronic device, and the remaining evenly spaced broken lines illustrate the display screen and portions of the graphical user interface. None of the broken lines form part of the claimed design.
