(57) **CLAIM**

We claim the ornamental design for a stationary track light, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view;  
 FIG. 2 is a front elevational view;  
 FIG. 3 is a right side elevational view;  
 FIG. 4 is a rear elevational view;  
 FIG. 5 is a left-side elevational view  
 FIG. 6 is a top plan view; and,  
 FIG. 7 is a bottom plan view.

The broken line disclosure represents portions of the track light which form no part of the claimed design.

The ornamental design for the stationary track light of the present invention is a light contained in a fixture that is mounted to a track which is generally mounted to the ceiling. The stationary track light can be aimed to illuminate an object that someone wishes to feature by calling attention to it with the light emitted from the stationary track light.
