(57) **CLAIM**

We claim, the ornamental design for a cordless decorative lamp for interchangeable bases, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a cordless decorative lamp for interchangeable bases according to the present application. FIG. 2 is a front view of the cordless decorative lamp for interchangeable bases of FIG. 1 shown with a lamp shade. The back view of the cordless decorative lamp for interchangeable bases is identical to the front view. FIG. 3 is a left side view of the cordless decorative lamp for interchangeable bases of FIG. 1 shown with a lamp shade. The right side view of the cordless decorative lamp for interchangeable bases is identical to the left side view. FIG. 4 is a top view of the cordless decorative lamp for interchangeable bases of FIG. 1 shown with a lamp shade. FIG. 5 is a bottom view of the cordless decorative lamp for interchangeable bases of FIG. 1 shown with a lamp shade. FIG. 6 is a perspective view of a cordless decorative lamp for interchangeable bases shown interchangeably connected to a floor stand according to the present application, the internal frame of the lamp shade is removed for clarity. FIG. 7 is a perspective view of a cordless decorative lamp for interchangeable bases shown interchangeably connected to a table stand according to the present application, the internal frame of the lamp shade is removed for clarity. FIG. 8 is a perspective view of a cordless decorative lamp for interchangeable bases shown interchangeably connected to a hanging floor stand according to the present application, the internal frame of the lamp shade is removed for clarity. FIG. 9 is a perspective view of a cordless decorative lamp for interchangeable bases shown interchangeably connected to a decorative vase stand according to the present application, the internal frame of the lamp shade is removed for clarity; and, FIG. 10 is a perspective view of a cordless decorative lamp for interchangeable bases shown interchangeably connected to a hanging wall bracket according to the present application, the internal frame of the lamp shade is removed for clarity. The broken lines in the drawings illustrate the environment of the cordless decorative lamp for interchangeable bases which forms no part of the claimed design.
