(57) **CLAIM**

The ornamental design for a display panel portion with a graphical user interface component, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display panel portion with a graphical user interface component showing features of our new design.

The diagonal lines that are part of the claimed design represent a contrasting appearance. Any diagonal lines that appear at the same angle yet at different locations represent the same appearance.

The large broken lines surrounding the graphical user interface represent the display panel portion and form no part of the claimed design. The small broken lines showing portions of the graphical user interface, text, and numbers form no part of the claimed design.
