(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

**DESCRIPTION**

A portion of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all other copyright rights whatsoever.

FIG. 1 is a front view of the first state of in a sequence for a display screen with transitional graphical user interface showing my new design; and,

FIG. 2 is a front view of a second state thereof.

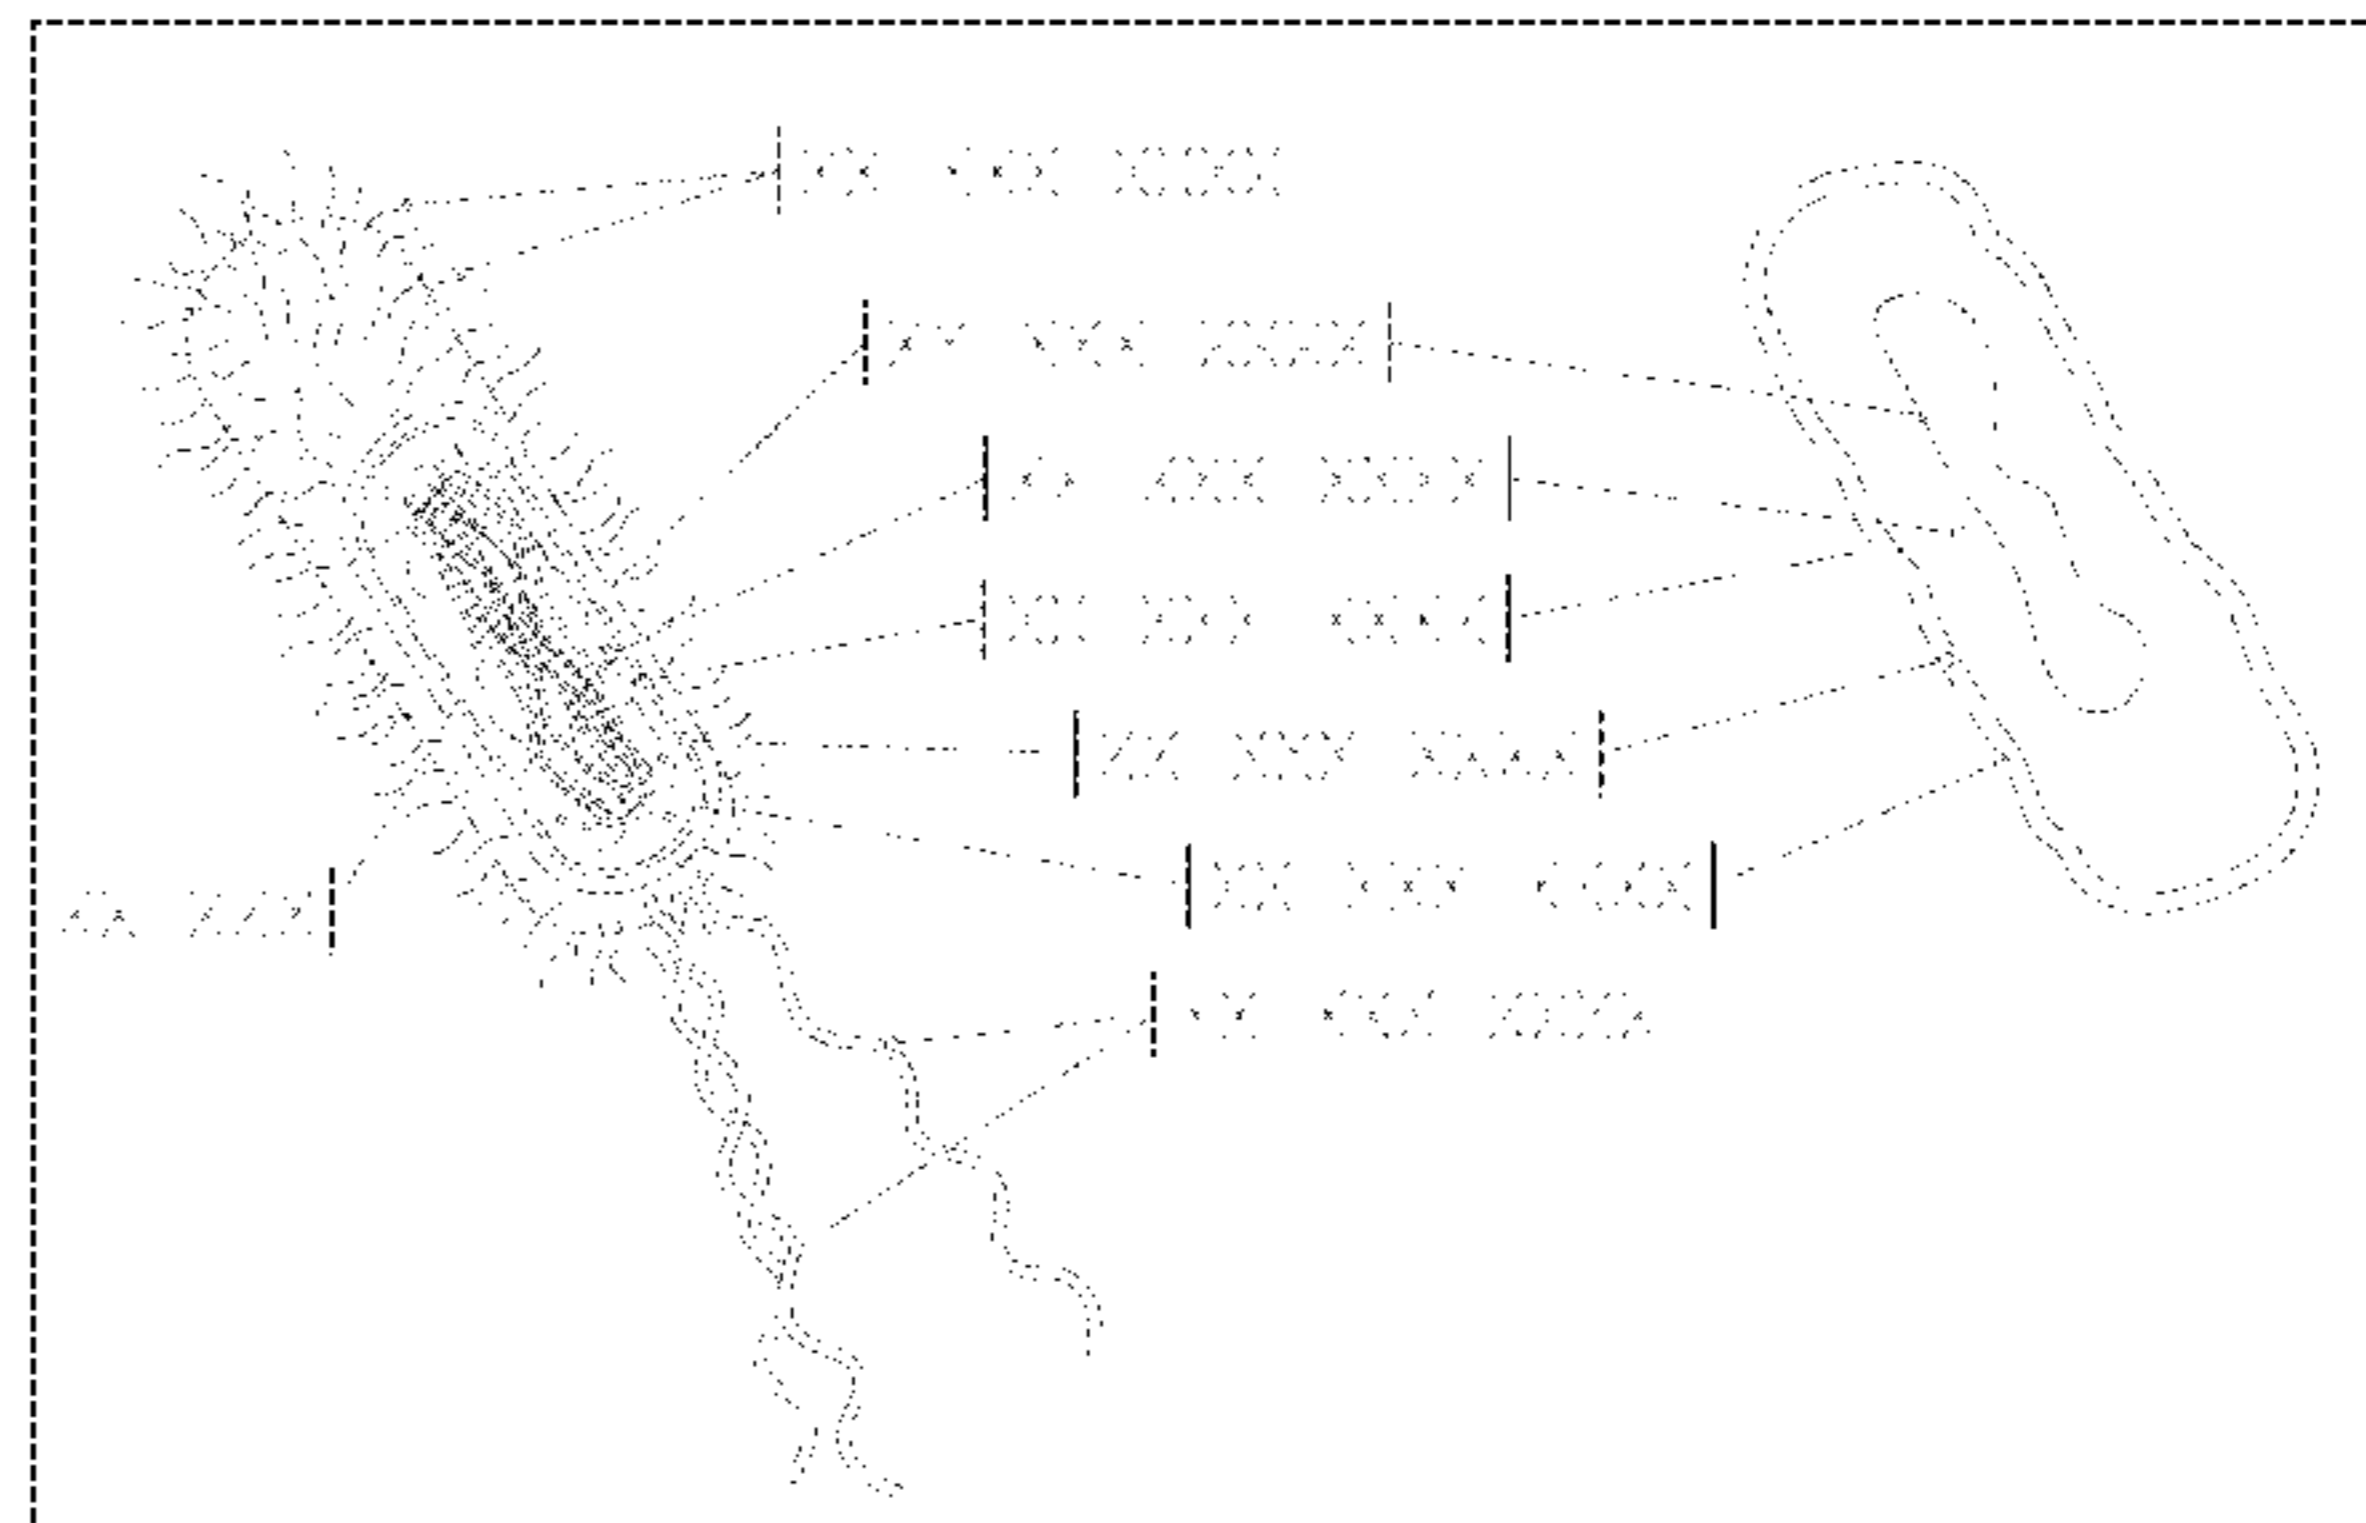

The broken line showings of the display screen and of portions of the transitional graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.

The appearance of the transitional user interface sequentially transitions between the images shown in FIG. 1-2. The process or period in which one image transitions to another image forms no part of the claimed design.
