(57) **CLAIM**

The ornamental design for an electroluminescent display element, as shown and described.

DESCRIPTION

FIG. 1 is a left, bottom, front perspective view of an electroluminescent display element embodying our new design; FIG. 2 is a right, top, rear perspective view thereof; FIG. 3 is a front view thereof; FIG. 4 is a rear perspective view thereof; FIG. 5 is a top view thereof; FIG. 6 is a right side view thereof; and, FIG. 7 is a left side view thereof.

In a preferred embodiment the nature of this product is an electroluminescent display element for electronics.
