CLAIM

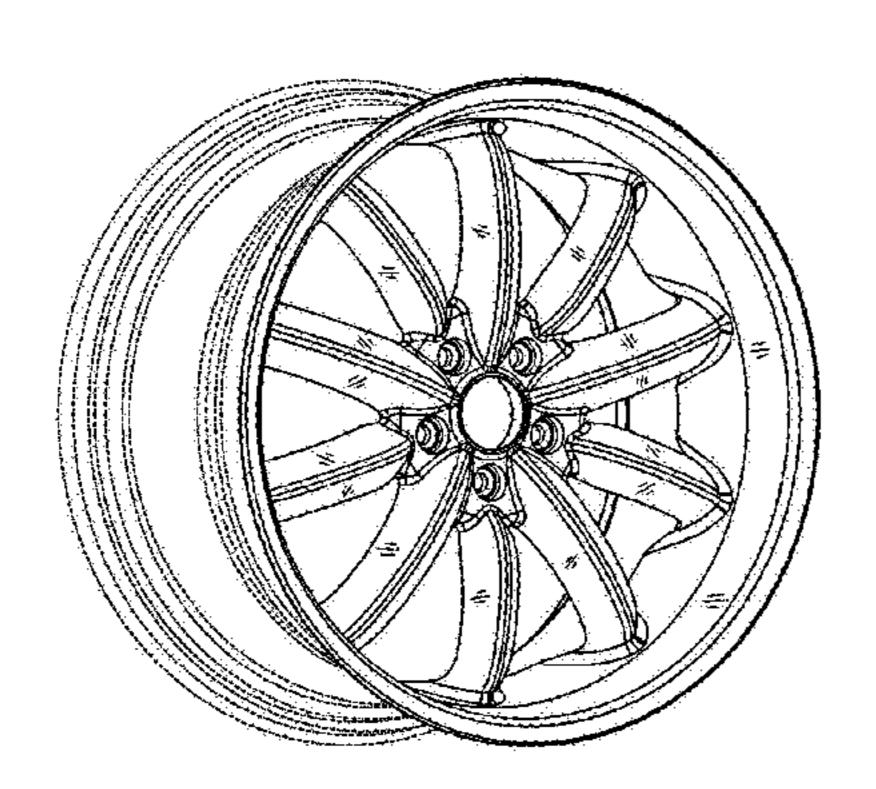

The ornamental design for a wheel, as shown and described.

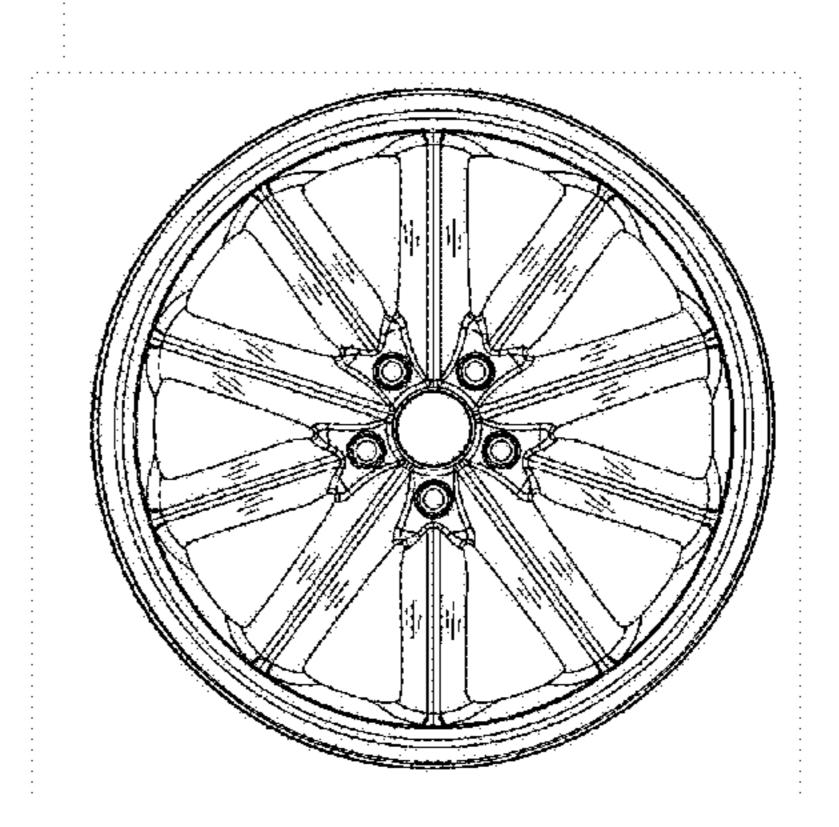

DESCRIPTION

FIG. 1 is a front perspective view of the wheel; and, FIG. 2 is a front view of the wheel, it being understood that the

ornamental design of FIGS. 1 and 2 are not expressed in top, bottom and side views and thus they are omitted, the circumferentially outwardly disposed areas of the inside of the rim are shown for illustrative purposes only and forming no part of the claimed design. The broken line showing of the rear portion of the wheel rim is included for the purpose of illustrating environment and forms no part of the claimed design.
