(57) **CLAIM**
The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface.
FIG. 2 is a front view of a second embodiment thereof; and, FIG. 3 is a front view of a third embodiment thereof.
The long and short dashed broken line showing of the display screen forms no part of the claimed design. The evenly dashed broken line showing of the remainder of the graphical user interface forms no part of the claimed design.
