(57) **CLAIM**

The ornamental design for a transitional icon for a portion of a display screen, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of the first image in the sequence for a portion of a display screen with transitional icon showing a first embodiment of the new design;

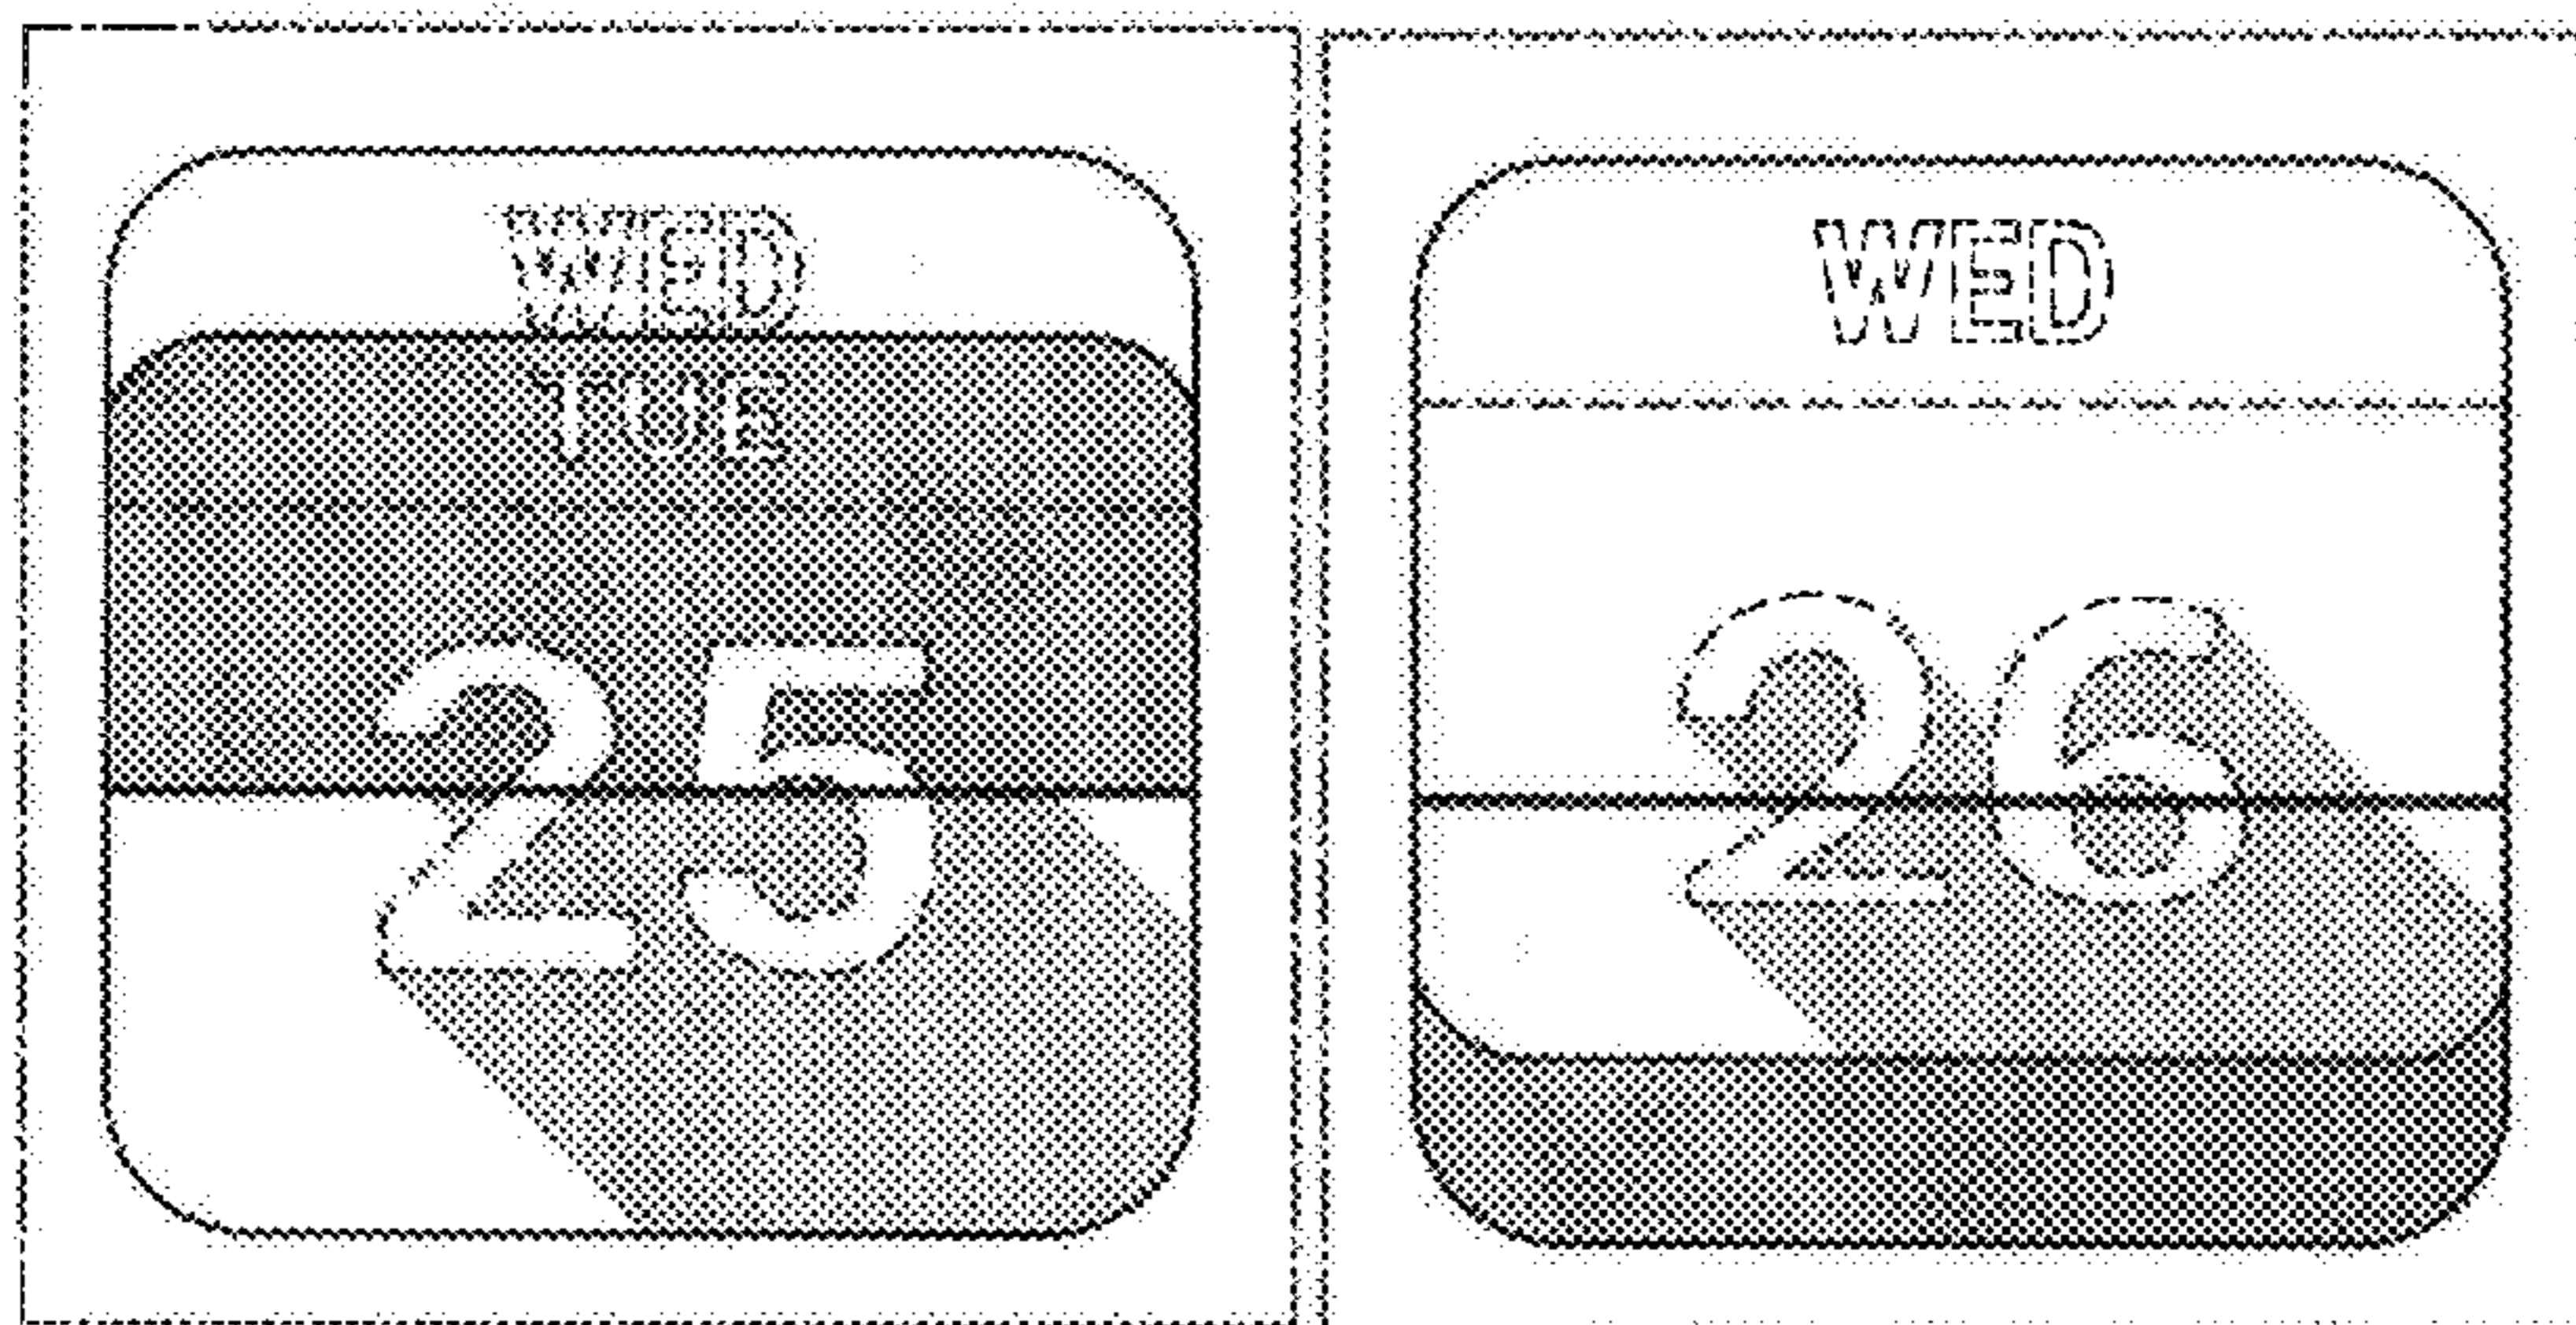

FIG. 2 is a front view of the second image of the first embodiment thereof;

FIG. 3 is a front view of the third image of the first embodiment thereof;

FIG. 4 is a front view of the fourth image of the first embodiment thereof;

FIG. 5 is a front view of the fifth image of the first embodiment thereof;

FIG. 6 is a front view of the sixth image of the first embodiment thereof;

FIG. 7 is a front view of the first image in the sequence for a portion of a display screen with transitional icon showing a second embodiment of the new design;

FIG. 8 is a front view of the second image of the second embodiment thereof;

FIG. 9 is a front view of the third image of the second embodiment thereof;

FIG. 10 is a front view of the fourth image of the second embodiment thereof;

FIG. 11 is a front view of the fifth image of the second embodiment thereof;

FIG. 12 is a front view of the sixth image of the second embodiment

FIG. 13 is a front view of the first image in the sequence for a portion of a display screen with transitional icon showing a third embodiment of the new design;

FIG. 14 is a front view of the second image of the third embodiment thereof;

FIG. 15 is a front view of the third image of the third embodiment thereof;

FIG. 16 is a front view of the fourth image of the third embodiment thereof;

FIG. 17 is a front view of the fifth image of the third embodiment thereof; and,

FIG. 18 is a front view of the sixth image of the third embodiment thereof.

The appearance of the transitional image sequentially transitions between the images of the first embodiment shown in FIGS. 1-6. The appearance of the transitional image sequentially transitions between the images of the second embodiment shown in FIGS. 7-12. The appearance of the transitional image sequentially transitions between the images of the third embodiment shown in FIGS. 13-18. The process or period in which one image transitions to another forms no part of the claimed design.

The broken lines showing portions of the transitional icon is included for the purpose of illustrating portions of the article and forms no part of the claimed design.
