FIG. 1 is the first image in a sequence for a display screen with transitional graphical user interface showing our new design; and,
FIG. 2 is the second image thereof.
The appearance of the transitional graphical user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design.
The even-length broken line showing of a mobile device and display screen illustrates the environment of the article and forms no part of the claimed design. The remaining broken lines of uneven-length, showing a portion of a display screen, form no part of the claimed design.
