(57) **CLAIM**

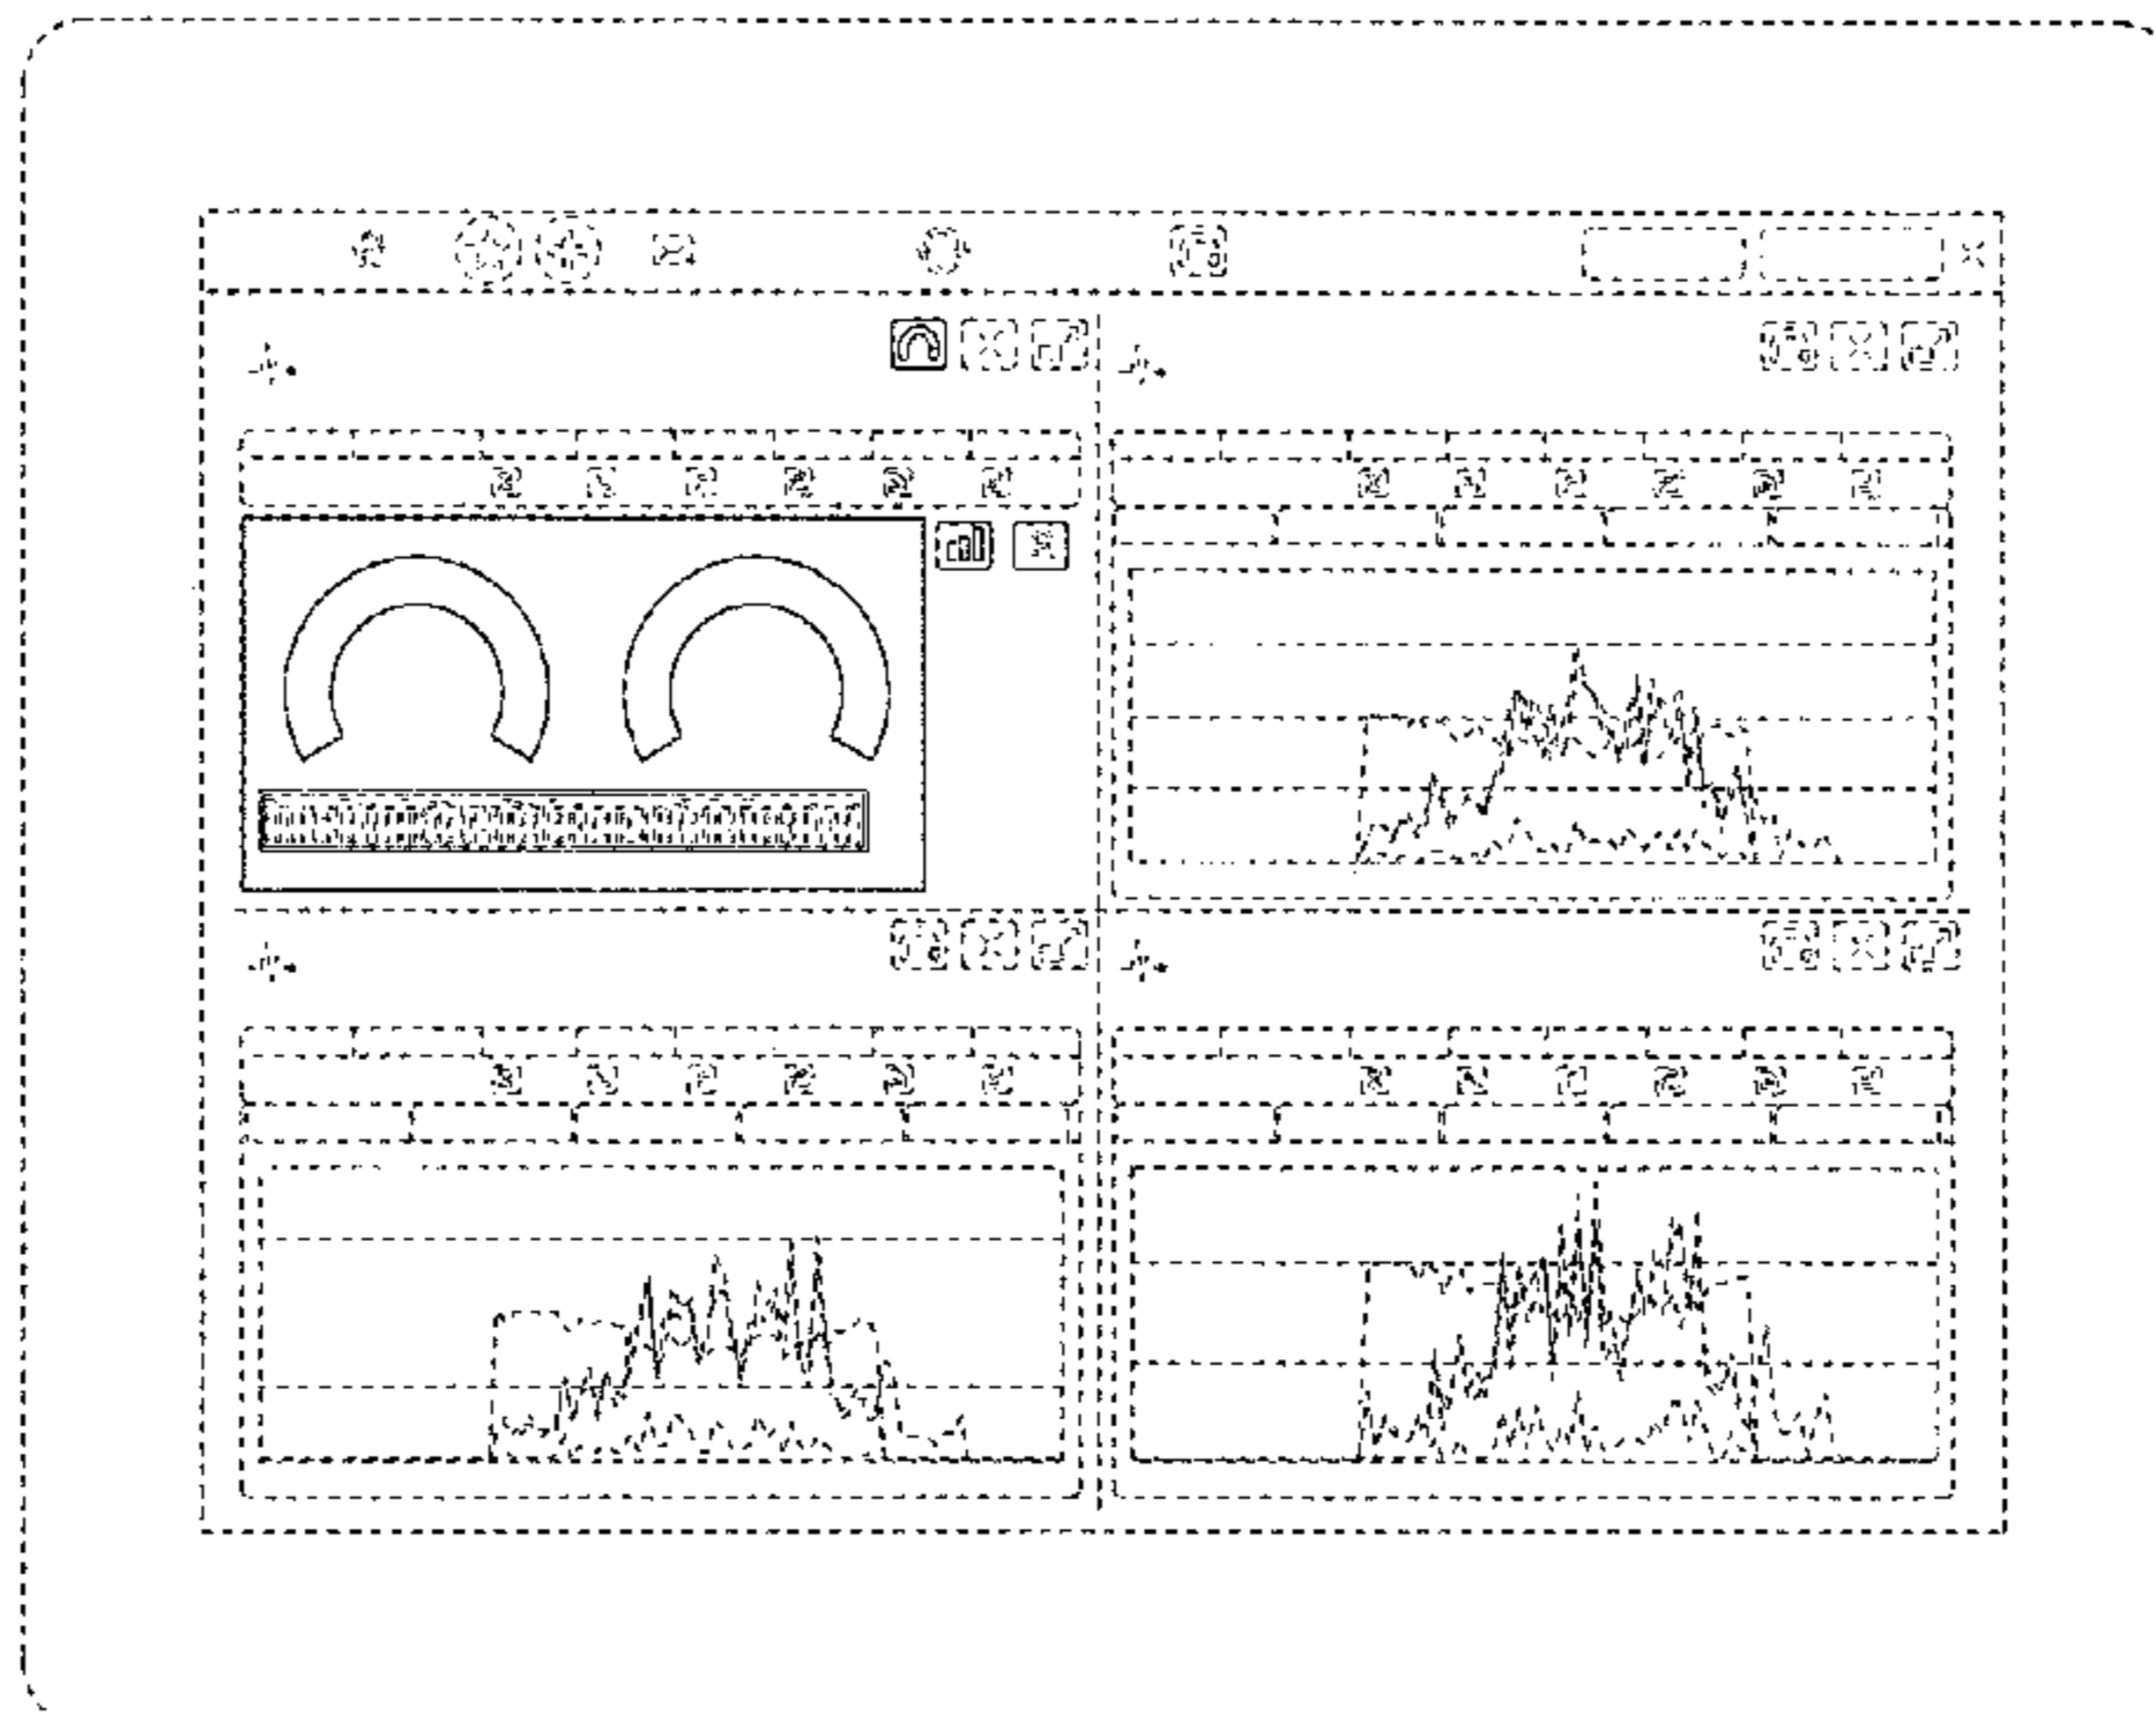

The ornamental design for a display screen for a personal digital assistant with graphical user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of an embodiment of a display screen for a personal digital assistant with graphical user interface showing my new design.

The broken line showing of the display screen of a personal digital assistant with graphical user interface is included for the purpose of illustrating the display screen and the graphical user interface environment and forms no part of the claimed design.
