(57) **CLAIM**

The ornamental design for a portion of a display panel with an animated computer icon, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a portion of a display panel with an animated graphical user interface, showing our design.

FIG. 2 is a second image thereof.

FIG. 3 is a third image thereof.

FIG. 4 is a fourth image thereof.

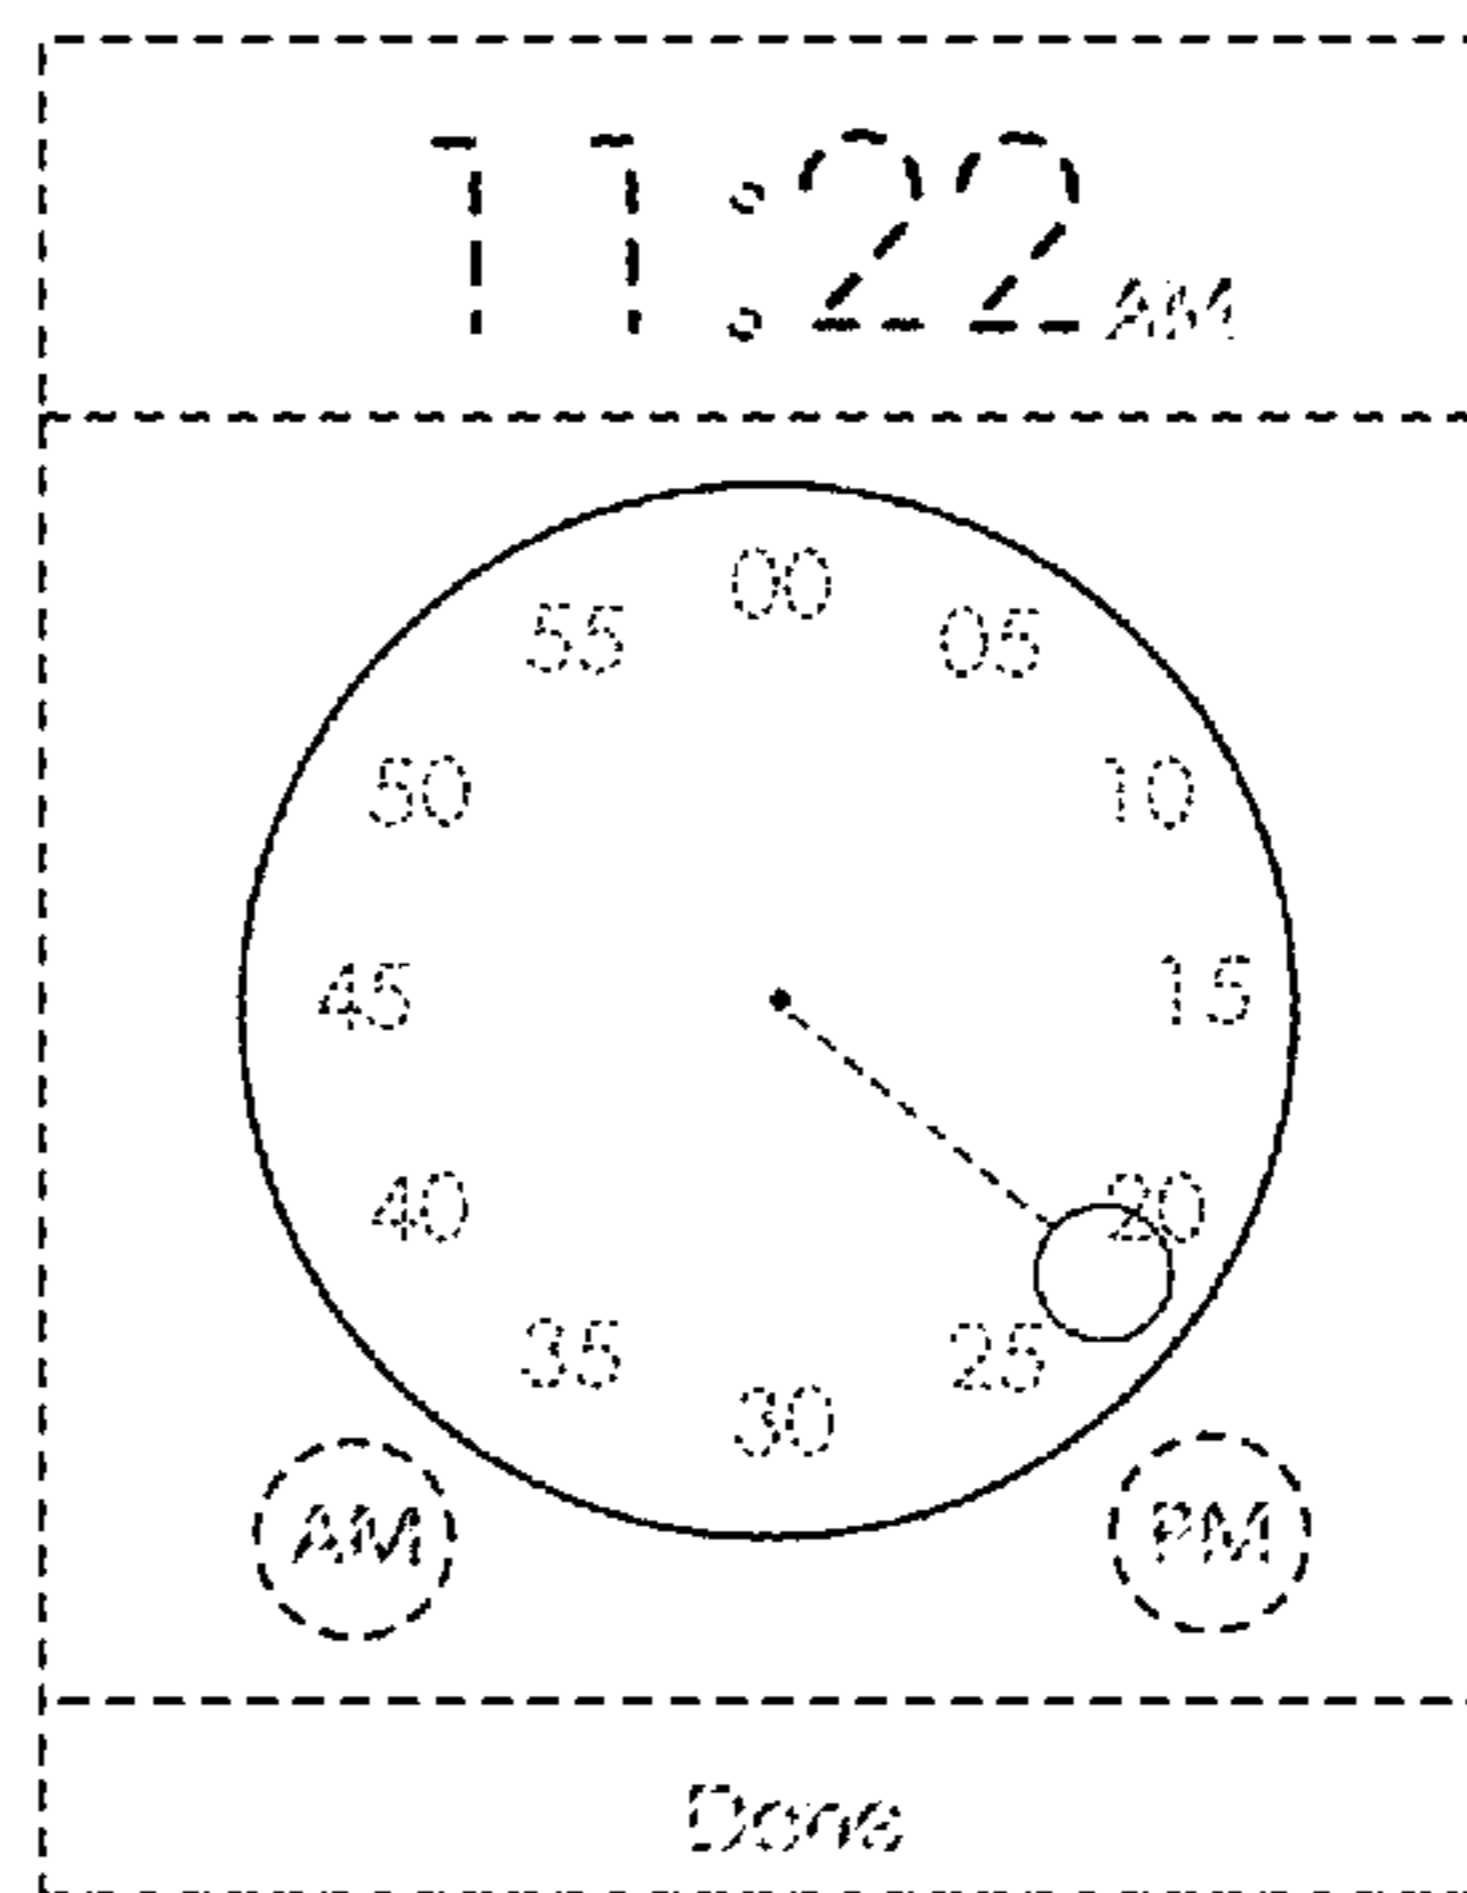

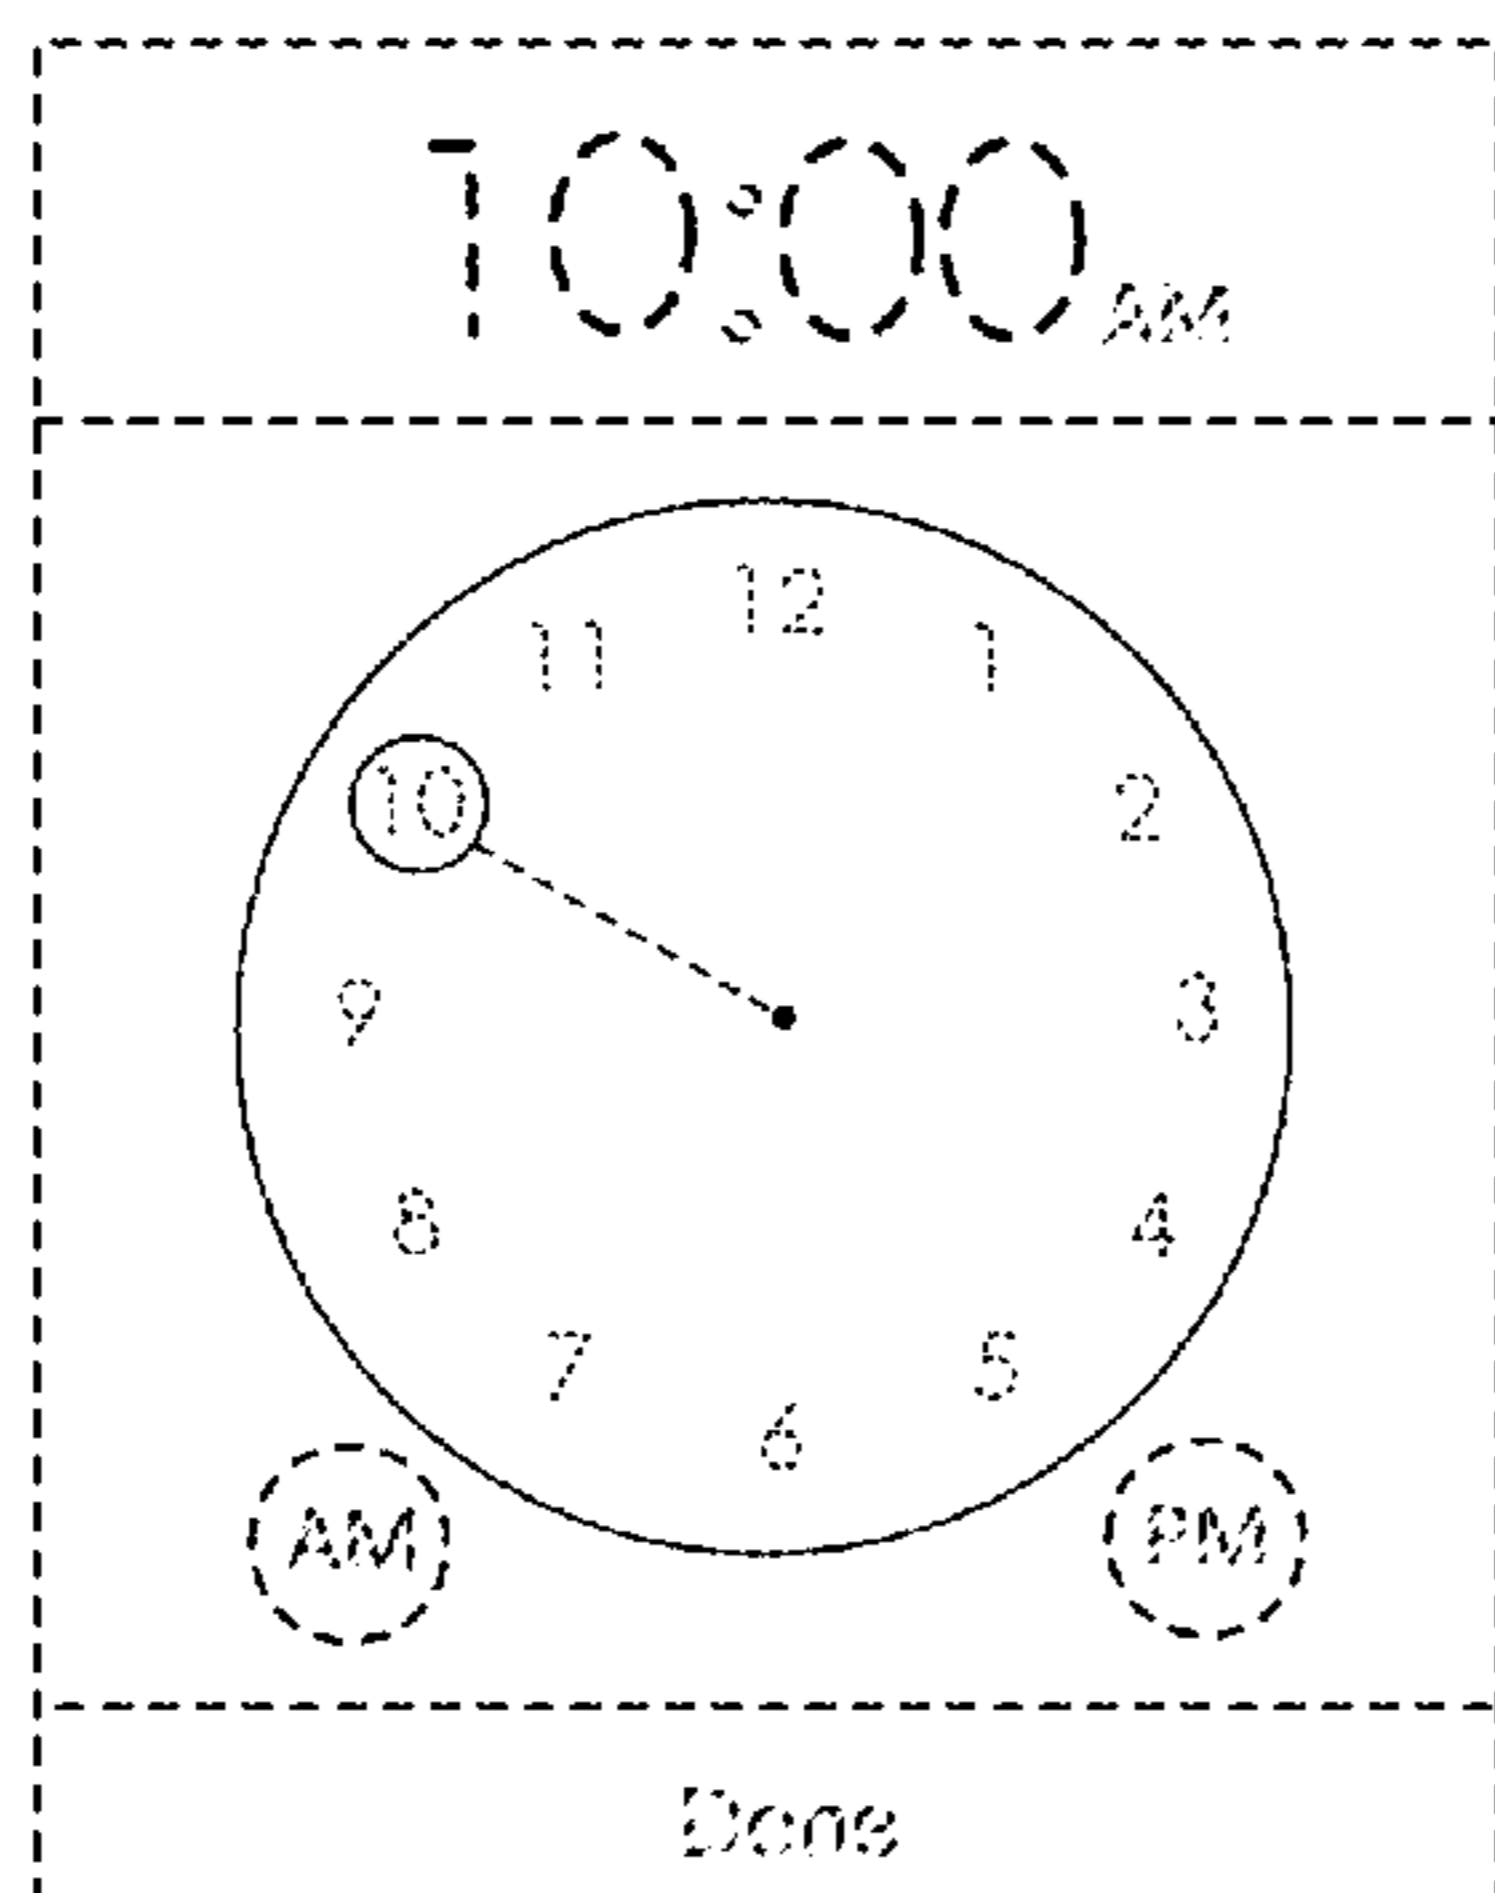

FIG. 5 is a fifth image thereof; and,

FIG. 6 is a sixth image thereof.

The appearance of the animated image sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another image forms no part of the claimed design.

The outermost broken line in each figure illustrates the display panel portion (such as of a mobile device). The remaining broken lines illustrate portions of the animated graphical user interface. The broken lines form no part of the claimed design.
