(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing my new design; FIG. 2 is a front view of a second embodiment thereof; and, FIG. 3 is a front view of a third embodiment thereof. The broken lines showing of a mobile device with display screen, text and portions of the graphical user interface form no part of the claimed design. The horizontal dashed line which appears near the center of the screen, dividing the text which reads “Payment card” from that reading “Automatic Payments”, forms no part of the claimed design.
