(57) **CLAIM**

The ornamental design for a digital camera display screen with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and side perspective view of a digital camera display screen with a graphical user interface showing my new design;

FIG. 2 is an enlarged front elevation view of the display screen with graphical user interface; and,

FIG. 3 is an enlarged front elevation view of the icon from the graphical user interface taken along lines 3-3 of FIG. 2. In FIG. 1, the broken line showing the camera body is for the purpose of illustrating environmental structure. In FIG. 3, the dash-dot broken lines is a graphical indication for the region enlarged from the FIG. 2 drawing. All other broken lines in the drawings illustrate portions of the display screen with a graphical user interface. None of the broken line showing forms part of the claimed design.
