(57) **CLAIM**

The ornamental design for a conveyor roller sleeve, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a conveyor roller sleeve; FIG. 2 is a front elevational view of the conveyor roller sleeve of FIG. 1, wherein a rear elevational view, a top plan view, and a bottom plan view are not shown as they are identical to the front elevation view shown; and, FIG. 3 is a left side elevational view of the conveyor roller sleeve of FIG. 1, wherein a right side elevational view is not shown as it is identical to the left side elevational view shown.

The broken lines shown in FIGS. 1-3 depict an exemplary conveyor roller. In FIGS. 1-2, a fragmentary view of a left end of the exemplary conveyor roller is depicted, wherein a right end of the exemplary conveyor roller is not shown but is identical to the left end. The hidden lines are included for illustrative purposes only and form no part of the claimed design.
