(57) **CLAIM**

The ornamental design for an interface for a keypad, keyboard, or user activated components thereof, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an interface for a keypad, keyboard, or user activated components thereof showing my new design.

FIG. 2 is a top view thereof shown removed from its environment in order to show aspects of the design that are not apparent in the FIG. 1 view, bottom view is identical; and,

FIG. 3 is a right side view thereof shown removed from its environment in order to show aspects of the design that are not apparent in the FIG. 1 view, the left side view is identical.

The portions of the interface shown in dot-dot-dash broken lines are directed to environment and are for illustration only; they form no part of the claimed design.
