(57) **CLAIM**

The ornamental design for a video viewing display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. **1** is the first image of a sequence for a video viewing display screen with transitional graphical user interface showing our new design;
FIG. **2** is the second image thereof;
FIG. **3** is the third image thereof;
FIG. **4** is the fourth image thereof;
FIG. **5** is the fifth image thereof; and,
FIG. **6** is the sixth image thereof.

The appearance of the video viewing display screen with transitional graphical user interface sequentially transitions between the images shown in FIGS. **1-6**. The process or period in which one image transitions to another forms no part of the claimed design. The broken line showing of the remainder of the display screen is for environmental purposes only, depicting unclaimed portions of the video viewing display screen with transitional graphical user interface and forms no part of the claim design.
