(57) **CLAIM**
The ornamental design for a sleeve for beverage containers, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a sleeve for beverage containers, the bottom view being a mirror image thereof; FIG. 2 is a front elevational view thereof; FIG. 3 is a right-side elevational view thereof, the left-side elevational view being a mirror image thereof; FIG. 4 is a rear elevational view thereof; and, FIG. 5 is an isometric view thereof, showing my design mounted to a beverage container. In FIG. 5, the broken lines showing a baby bottle, including the measurement marks seen through the transparent area in the sleeve, depict unclaimed environment. All other broken lines represent portions of the sleeve for beverage container that form no part of the claim. The claimed sleeve is used to cover beverage containers and display messages and/or stories.
