(57) **CLAIM**

The ornamental design for a dowel pin puller, as shown and
described above.

DESCRIPTION

FIG. 1 is a top plan view of an ornamental design for a dowel
pin puller of the present invention;
FIG. 2 is a front view of an ornamental design for a dowel
pin puller of the present invention;
FIG. 3 is a right side view of an ornamental design for a
dowel pin puller of the present invention;
FIG. 4 is a rear view of an ornamental design for a dowel pin
puller of the present invention;
FIG. 5 is a left side view of an ornamental design for a dowel
pin puller of the present invention;
FIG. 6 is a bottom plan view of an ornamental design for a
dowel pin puller of the present invention;
FIG. 7 is a right side isometric view of an ornamental design
for a dowel pin puller of the present invention; and,
FIG. 8 is a left side isometric view of an ornamental design
for a dowel pin puller of the present invention.
The broken lines in the drawings illustrate portions of the
dowel pin puller that form no part of the claimed design.
