(57) CLAIM

I claim the ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing a new design. The ornamental design which is claimed is shown in solid lines in the drawings. The broken line showings of the display screen and various elements of the display screen with graphical user interface are included for the purpose of illustrating environmental structure and unclaimed portions of the display screen with graphical user interface and form no part of the claimed design.
