(57) **CLAIM**

The ornamental design for a communications terminal display with graphical user interface, as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever. The FIGURE is a front view of the communications terminal display with graphical user interface of my new design.

The outermost broken lines illustrate the communications terminal display and form no part of the claimed design. The remaining broken lines illustrate portions of the graphical user interface and form no part of the claimed design.
