(57) **CLAIM**

We claim the ornamental design for a display screen with  
animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a first image in a sequence for a display screen with  
animated graphical user interface showing the new design;  
FIG. 2 is a second image thereof;  
FIG. 3 is a third image thereof;  
FIG. 4 is a fourth image thereof;  
FIG. 5 is a fifth image thereof;  
FIG. 6 is a sixth image thereof;  
FIG. 7 is a seventh image thereof; and,  
FIG. 8 is an eighth image thereof.

The appearance of the animated image on the display screen  
sequentially transitions between the images shown in FIGS.  
**1-8**. The process in which, and the period during which, one  
image transitions to another image forms no part of the  
claimed design. The outermost broken line illustrates a  
display screen and the remainder of the broken lines illus-  
trate portions of the animated graphical user interface. None  
of the broken lines form part of the claimed design.
