FIG. 1 is a top view of a control panel for vehicles of the present invention;
FIG. 2 is a side perspective view of the control panel for vehicles of the present invention;
FIG. 3 is a front perspective view of the control panel for vehicles of the present invention;
FIG. 4 is a front view of the control panel for vehicles of the present invention;
FIG. 5 is a left side view of the control panel for vehicles of the present invention; and,
FIG. 6 is a right side view of the control panel for vehicles of the present invention.
The bottom view not being visible during ordinary use is not depicted and forms no part of the claimed invention.
