(57) **CLAIM**

The ornamental design for a wall panel edge trim, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a wall panel edge trim according to our new design;

FIG. 2 is a left side elevation view thereof;

FIG. 3 is a right side elevation view thereof;

FIG. 4 is a front elevation view thereof;

FIG. 5 is a back elevation view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.

The nominal cross-section outline of the wall panel edge trim is constant along its length. The broken lines in the drawings illustrate portions of the wall panel edge trim that form no part of the claimed design. The wall panel edge trim is shown with a symbolic break in its length. The appearance of any portion of the wall panel edge trim between the break lines forms no part of the claimed design.
